PURPOSE OF THE WIOA OPERATIONS MANUAL

This operations manual describes and documents the applicable process and procedures for implementation of WIOA Title 1B policies. It states/describes the standard procedures for performing appropriate operations to ensure consistence and adherence to current WIOA and State Displaced Homemaker (SDH) policies.

[<< Back to Table of Contents](#)

MONITORING, EVALUATION AND TECHNICAL ASSISTANCE

OPERATIONAL GUIDANCE: Refer to the Monitoring, Audits, Performance and Sanctions Policy. The following is intended as guidance and clarification.

Technical Assistance:

Program Managers may provide technical assistance to State Displaced Homemaker and WIOA Adult, Youth and Dislocated Worker case managers through a variety of ways including:

One-on-one technical assistance through telephone or e-mail as appropriate for the situation.

Technical Assistance Calls: Program Managers provide technical assistance to WIOA and State Displaced Homemaker case managers.

- Provides guidance on current issues or questions
- Power Point and materials are provided and posted in Moodle.
- The TA Call is recorded and available for a limited time
- Content of the call is intended to provide technical assistance
- All case managers are required to attend or review the recording when time allows if attendance is not possible

New Case Manager Training: Program Managers provide technical assistance to all new WIOA Adult, Youth, Dislocated Worker and State Displaced Homemaker case managers.

Technical Assistance During the Monitoring Process: WIOA Program Managers may schedule technical assistance and training with each service provider operating the State Displaced Homemaker Program, WIOA Adult, Youth and Dislocated Worker Programs. Technical assistance related to monitoring may be provided through virtual means.

SERVICE PROVIDER REPORTING and AUDIT REQUIREMENTS

OPERATIONAL GUIDANCE: Refer to the Service Provider Reporting and Audit Requirements Policy. The following is intended as guidance and clarification.

YOUTH REPORTING

Report is due the 25th day of the month following the end of the Quarter.

Instructions for completing the Quarterly Narrative Report:

- 1) Include the Service Provider name and Report Period End Date
QTR 1 due October 25; QTR 2 due January 25; QTR 3 due April 25th; QTR 4 July 25th
- 2) Provide a response to each item 1-7 each quarter using updated information.
Note in the section if there is no new information or update for the quarter. Don't just copy and paste the same thing for every quarter.
- 3) Success Stories: Use the following format when providing a participant's success story:
(a) Participant's name; (b) service(s) received; (c) month and year the participant received the service; name of provider and city that provided the service); explain the participant's circumstance including when they received the service; and describe how the services or program impacted the participant's life for the better.

Participant success stories may be shared with USDOL so service providers must provide a signed release/permission from the participant prior to sharing their story with USDOL.

FINANCIAL REPORTING

Report is due the 25th day of the month following the end of the Quarter.

Instructions for completing the ETA-9130:

- 1) Agency Which Report is Submitted: PRE_ENTERED
- 2) Federal Grant or Other Identifying Number: Contract Number
- 3) Recipient Organization: Name and complete address of the organizations
- 4) A) Unique Entity Identifier: Organization's DUNS Number
B) EIN: Organizations Employer Identification Number
- 5) Recipient Account Number or Identify Number: Enter account number, fund number, or other identifying number assigned by the organization. This number is for the recipient's use only and not required by DLI.

6) Final Report: Check YES or NO. Check YES only if it is the FINAL Report

7) Basis of Accounting: ACCRUAL has been pre-entered on all reports

DOL/ETA regulations require that all recipients report expenditures and program income on an accrual basis. For accrual basis reporting, accrued expenditures are recorded when a requirement to pay is established.

Note: Recipients are not required to change their accounting systems to accommodate DOL/ETA requirements that differ from their underlying accounting practices. Instead, recipients must furnish the required accrual information based on available documentation and best estimates.

8) Project/Grant Period: The beginning date of the grant award as defined in the contract.

Project/Grant Period: The ending date of the grant award as defined in the contract. This is the final date for which accrued expenditures can be incurred under the grant.

9) Reporting Period End Date: The last date of the quarter for which the cumulative data is provided on the Financial Report

Transactions

Enter cumulative amounts in the Cumulative Column for each line item requiring data entry, as of the reporting period end date.

Cumulative data for current reporting quarter will become Previous Period Column in following quarter. Enter totals in the Previous Period Column. This Period data will be automatically calculated. Use Section 12, Remarks, to provide any information deemed necessary to support/explain data provided in this section.

Federal Cash

10a) Cash Receipts: Enter the cumulative amount of cash received from DLI as of the reporting period end date. Note: Recipients operating on a reimbursement basis will not show cash receipts until it is actually drawn.

10b) Cash Disbursements: Enter the cumulative amount of cash disbursed from the cash receipts identified on 10a, as of the reporting period end date. Disbursements are the sum of actual cash disbursements for direct charges for goods and services, the amount of indirect expenses charged to the award, and the amount of cash advances and payments made to subrecipients and subcontractors.

10c) Cash On Hand: This is an automatic calculation, which is Line 10a minus Line 10b.

The cash on hand amount should represent immediate cash needs. If any

drawdowns were made prematurely, or there are other reasons for any excess cash on hand, an explanation should be provided in Section 12, Remarks.

Federal Expenditures and Unobligated Balance

10d) Total Federal Funds Authorized: This entry should agree with the grant award amount specified in the contract.

10e) Federal Share of Expenditures: Enter the cumulative amount of accrued expenditures for allowable costs associated with the funds authorized on Line 10d.

Accrued expenditures are the sum of actual cash disbursements for direct charges for goods and services; the amount of indirect expenses charged to the award; and the amount of cash advances and payments made to subrecipients and subcontractors, MINUS any rebates, refunds, or other credits; PLUS the total costs of all goods and property received or services performed, whether or not a cash payment has occurred. Accrued expenditures are to be recorded in the reporting quarter in which they occur, regardless of when the related cash receipts and disbursements take place.

This entry will usually be greater than Line 10b, cash disbursements, because accruals (goods and services received but not yet paid for) must be included on this line item. In addition, recipients operating on a reimbursement basis must report all accrued expenditures (including cash disbursements) in the quarter in which they occur (no matter what source initially pays the costs.)

10f) Federal Share of Unliquidated Obligations: Enter any obligations (legal commitments to expend subject grant funds authorized) that have not yet been reported as an accrued expenditure or for which a cash disbursement has not yet occurred, as of the reporting period end date. Unliquidated obligations should include amounts which will become due to subrecipients and subcontractors. On the final report, this line item should be zero.

Do not include any amount on Line 10f that has been reported on Line 10e. Do not include any amount on Line 10f for a future commitment of funds (e.g., long-term contract) for which an obligation has not been incurred.)

10g) Total Federal Obligations: This is an automatic calculation, which is the sum of Lines 10e and 10f.

10h) Unobligated Balance of Federal funds: This is an automatic calculation, which is Line 10d minus Line Item 10g.

Recipient Share

10i) Recipient Share of Expenditures: Stand-In Costs: Enter any non-Federal third-party funds expended for the purposes or activities of subject grant. Expenditures identified on this line item must be allowable costs which could otherwise be paid for out of subject grant funds.

Program Income

10j) Total Federal Program Income Earned: Enter the total amount of program income earned as the result of allowable grant activity. The addition method for recording and reporting program income is required for all ETA programs/grants.

Either gross or net program income may be reported. If gross program income is reported, the costs for generating the income should be included on Line 10e. If net program income is reported, the costs for generating the income are subtracted from the total income earned before entering the net amount on 10j.

10k) Program Income Expended: Enter the total cumulative amount of accrued expenditures incurred against the program income earned on Line 10j.

NOTE: Program income is to be expended during the same grant period in which it is earned.

10l) Unexpended Program Income: This is an automatic calculation, which is Line 10j minus 10k.

Additional Expenditure Data Required

For the Youth Form

11a) Other Federal Funds Expended: Enter other Federal non-DOL ETA funds expended for the same purpose for which subject grant was awarded.

11b) Real Property Proceeds Expended: Enter expenditures resulting from the sale of real property purchased with ETA (ES or UI) funds.

11c) Out of School Youth Expenditures: Enter expenditures for allowable program activities for participants meeting eligibility criteria for out of school youth.

11d) In School Youth Expenditures: Enter expenditures for allowable program activities for participants meeting eligibility criteria for in school youth.

Lines 11c Out-of-School Youth Expenditures Plus 11d (In-School Youth Expenditures) should EQUAL Line 10e (Federal Share of Expenditures).

11e) Federal Share of Unliquidated Obligations for Pay-for-Performance Contracts: Enter any obligations incurred for pay-for-performance contracts for which an expenditure has not yet been recorded, as of the reporting period end date. This amount should represent the aggregate unliquidated obligations for pay-for-performance contracts for local areas and it is a portion of the amount reported in 10f (Federal Share of Unliquidated Obligations).

11f) Pay-for-Performance Contract Expenditures: Enter the cumulative amount of expenditures charged to the Local Youth grants for pay-for-performance contract costs. This line item should represent the total accrued pay-for-performance contract expenditures for all local areas, and it is a portion of the amount reported in 10e (Federal Share of Expenditures).

11g) Work Experience Expenditures: Enter the cumulative amount of expenditures charged to the Local Youth grants for work experience activities. This line item should represent the total accrued work experience expenditures for all local areas, and it is a portion of the amount reported in 10e (Federal Share of Expenditures).

WIOA Sec. 129 (c)(4) requires that a minimum of twenty percent of Federal funds allocated to local areas to carry out the local Youth program for a fiscal year must be expended on work experience activities.

11h) Training Expenditures: Enter the cumulative amount of expenditures for training services provided to Youth program participants. This line item should consider all costs for training, including, but not limited to tuition, books, tools, etc., as applicable. All forms of training must be accounted for, including but not limited to occupational skills training, GED/HiSET training, and on-the-job training.

This line item should represent the total accrued training activities expenditures for this Youth Grant, and it is a portion of the amount reported in 10e (Federal Share of Expenditures).

For the Adult Form

11a) Other Federal Funds Expended: Enter other Federal non-DOL ETA funds expended for the same purpose for which subject grant was awarded.

11b) Real Property Proceeds Expended: Enter expenditures resulting from the sale of real property purchased with ETA (ES or UI) funds.

11c) Expenditure of Adult Funds on the DW Program: Enter expenditures resulting from the transfer of Adult funds to the DW program. (This entry represents Adult funds expended on the DW program.)

11d) Federal Share of Unliquidated Obligations for Pay-for-Performance Contracts: Enter any obligations incurred for pay-for-performance contracts for which an expenditure has not yet been recorded, as of the reporting period end date. This amount should represent the aggregate unliquidated obligations for pay-for-performance contracts for local areas and it is a portion of the amount reported in 10g (Federal Share of Unliquidated Obligations).

11e) Pay-for-Performance Contract Expenditures: Enter the cumulative amount of expenditures charged to the Local Adult grants for pay-for-performance contract costs. This line item should represent the total accrued pay-for-performance contract expenditures for all local areas, and it is a portion of the amount reported in 10e (Federal Share of Expenditures).

11f) Transitional Jobs Expenditures: Enter the cumulative amount of expenditures charged to the Local Adult grants for transitional jobs costs. This line item should represent the total accrued transitional jobs contract expenditures for all local areas, and it is a portion of the amount reported in 10e (Federal Share of Expenditures).

11g) Incumbent Worker Training Expenditures: Enter the cumulative amount of expenditures charged to the Local Adult grants for incumbent worker training costs. This line item should represent the total accrued incumbent worker training contract expenditures for all local areas, and it is a portion of the amount reported in 10e (Federal Share of Expenditures).

11h) Training Expenditures: Enter the cumulative amount of expenditures for training services provided to Adult program participants.

This line item should consider all costs for training, including, but not limited to tuition, books tools, etc. as applicable. All forms of training must be accounted for, including but not limited to occupational skills training, GED/HiSET/TASC training, and on-the-job training this Adult Grant, and it is a portion of the amount reported in 10e (Federal Share of Expenditures).

For the Dislocated Worker Form

11a) Other Federal Funds Expended: Enter other Federal non-DOL ETA funds expended for the same purpose for which subject grant was awarded.

11b) Real Property Proceeds Expended: Enter expenditures resulting from the sale of real property purchased with ETA (ES or UI) funds.

11c) Expenditure of DW Funds on Adult Program: Enter expenditures resulting from the transfer of DW funds to the Adult program. (This entry represents DW funds expended on the Adult program.)

11d) Federal Share of Unliquidated Obligations for Pay-for-Performance Contracts: Enter any obligations incurred for pay-for-performance contracts for which an expenditure has not yet been recorded, as of the reporting period end date. This amount should represent the aggregate unliquidated obligations for pay-for-performance contracts for local areas and it is a portion of the amount reported in 10f (Federal Share of Unliquidated Obligations).

11e) Pay-for-Performance Contract Expenditures: Enter the cumulative amount of expenditures charged to the Local Dislocated Worker grants for pay-for-performance contract costs. This line item should represent the total accrued pay-for-performance contract expenditures for all local areas, and it is a portion of the amount reported in 10e (Federal Share of Expenditures).

11f) Transitional Jobs Expenditures: Enter the cumulative amount of expenditures charged to the Local Dislocated Worker grants for transitional jobs costs. This line item should represent the total accrued transitional jobs contract expenditures for all local areas, and it is a portion of the amount reported in 10e (Federal Share of Expenditures).

11g) Incumbent Worker Training Expenditures: Enter the cumulative amount of expenditures charged to the Local Dislocated Worker grants for incumbent worker training costs. This line item should represent the total accrued incumbent worker training contract expenditures for all local areas, and it is a portion of the amount

reported in 10e (Federal Share of Expenditures).

11h) Training Expenditures: Enter the cumulative amount of expenditures for training services provided to Dislocated Worker participants.

This line item should consider all costs for training, including, but not limited to tuition, books, tools, etc., as applicable. All forms of training must be accounted for, including but not limited to occupational skills training, GED/HiSET/TASC training, and on-the-job training.

This line item should represent the total accrues training activities expenditures for this Dislocated Worker Grant, and it is a portion of the amount reported in 10e (Federal Share of Expenditures).

For the Rapid Response Form

11a) Other Federal Funds Expended: Enter other Federal non-DOL ETA funds expended for the same purpose for which subject grant was awarded.

11b) Real Property Proceeds Expended: Enter expenditures resulting from the sale of real property purchased with ETA (ES or UI) funds.

11c) Rapid Response Funds Expended on Other Statewide Programs: Enter the cumulative amount of Rapid Response funds expended on other statewide programs, regardless of whether the funds were expended at the State or local level. This line item is a portion of the amount reported in 10e (Federal Share of Expenditures).

For the Basic Form

11a) Other Federal Funds Expended: Enter other Federal non-DOL ETA funds expended for the same purpose for which subject grant was awarded.'

Remarks, Certification, and Agency Use Only

12) Remarks: Enter any explanations deemed necessary or information required by DLI.

13a) Typed or Printed Name and Title of Authorized Certifying Official: Enter the name and title of the authorized certifying official.

13b) Signature of Authorized Certifying Official: The authorized certifying official must sign here.

13c) Telephone (Area Code, Number and Extension): The telephone number of certifying individuals.

13d) Email Address: The email address of the certifying individual

13e) Date Report Submitted (Month, Day, Year): The date the FR is submitted to DLI.

14) Agency Use Only: This section is reserved for DOL/ETA use.

GRANT AGREEMENT CLOSEOUT

CLOSE OUT PACKAGE

This closeout package contains the form and instructions necessary for the closeout of the Workforce Innovation and Opportunity Act (WIOA) Adult, Youth and Dislocated Worker subgrant activities. The closeout cover sheet must be signed by the subgrant signatory.

Please submit the following documents to Montana Department of Labor and Industry, Workforce Services Division, P.O. Box 1728, Helena, MT 59624. The document may be emailed, mailed or faxed.

1. Closeout Report
2. Final ETA-9130 Financial Report
 - For Adult and DW include both 1st and 2nd increment FINAL report

CLOSEOUT INSTRUCTIONS

Section A: FINAL REQUISITION FOR CASH OR REFUND DUE

- Subgrantee Name
- Contract Number
- Line 1: Enter total subgrant amount.
- Line 2: Enter total cash received to date.
- Line 3: Enter total Career and Training Expenditures. Total should match Final Financial Report.
- Line 4: Subtract Column 3 from Column 2. A positive amount is the final cash requested. A negative amount is the refund due to the Montana Department of Labor and Industry. The refund must be submitted with closeout package.

Section B: PROGRAM INCOME REPORT

- Enter total program income earned as a result of the subgrant. If none, enter "0".

Section C: STATEMENT OF INVENTORY CONTROL

- Check applicable box indicating if Subgrantee purchased inventory or not.
- If inventory was purchased with grant funds – send the list of items along with the Closeout Package. Include the following: Date Acquired, Inventory Number, Description, Serial Number, and Cost.

Section D: SUBGRANTEE RELEASE

- Enter Sum of Dollars – Prepopulated
- Subgrantee Name – Prepopulated

Line 1: Enter any costs that have been incurred, but have not been paid, and are not specified elsewhere in this closeout package.

Enter Executed Date: Date Closeout is signed.

Printed Name and Title: Enter name and title of Subgrant signatory.

Signature of Authorized Official: The report must be signed and dated by an authorized signer.

AUDIT REQUIREMENTS

Service Providers that expend \$750,000 or more in a year in Federal awards shall have an audit conducted for that year in accordance with the requirements contained in 2 CFR 200.501. The provisions of 2 CFR Subpart F, Audit Requirements, will apply to audits of non-Federal entity fiscal years beginning on or after December 26, 2014. The revised audit requirements are not applicable to fiscal years beginning prior to that date.

Please send a copy of the final audit report to the Program Monitoring Unit. The report is due within the earlier of 30 days after publication of the auditor's report, or nine months after the end of the audit period.

[<< Back to Table of Contents](#)

GENERAL REQUIREMENTS

Remote or Virtual Documentation – All documentation during enrollment may be electronic. Electronic means by email, text, scans, digital photographs, and electronic signature platforms.

Signatures – All required signatures may be obtained via:

- Physical signature
- Electronic signing platforms
- Emailed signature
- Electronically transmitted digital photo of signed documents Case Notes – Including first case note, case notes during enrollment. PII – and Mworks Confidential

[<< Back to Table of Contents](#)

GENERAL ELIGIBILITY DETERMINATION PROCESS

OPERATIONAL GUIDANCE: The following is intended as guidance and clarification.

For WIOA Adults and Dislocated Workers, individualized career services, training services, supportive services, and follow-up services requires formal enrollment.

In the case of WIOA youth, participation is “triggered” and the youth becomes a participant after eligibility is determined, an objective assessment is performed, the ISS service has been provided and the youth receives one of the youth elements. These services would all be opened on the employment plan in order to count as participation.

Referral

Service providers shall provide information to eligible applicants, whether enrolled in WIOA or not, of the services available through WIOA service providers, including information regarding the opportunities for nontraditional training and employment. Determination may be made prior to enrollment in WIOA to refer an eligible applicant to another service agency or training and education program deemed more suitable for the individual. Each service provider shall ensure that an eligible applicant who cannot be served by its program is referred to an appropriate agency, both within and outside the WIOA system that may be able to better serve the applicant.

Confidentiality and Release of Information

State and federal privacy laws safeguard an individual's privacy from the misuse of federal and state records and provide individuals access to their records. Providers must maintain participant and applicant files in a manner to safeguard confidentiality.

Funding source agencies have access to participant files. Access to files should be granted on a "need to know" basis. If other agencies, prospective employers, or other individuals or agencies request access to information in a file, an authorization of release for the information must be obtained from the participant. A "Sample Authorization of Release Form" is shown in the forms section of the WIOA Website. The sample form may be used as an Authorization form with the agency's name inserted on the form. Participants should sign the form only after all information is complete.

Access to the records from other agencies may also require authorization for release of information.

[<< Back to Table of Contents](#)

ADULT ELIGIBILITY AND SERVICE PRIORITY

OPERATIONAL GUIDANCE: Refer to the Adult Policy. The following is intended as guidance and clarification.

To be eligible for Adult services, individuals must meet both Eligibility requirements and Priority of Service requirements.

Adult Eligibility

- Eligibility consists of three (3) requirements: 18 years of age or older, US Citizen or qualified alien, and registration with selective service (if required). All three must be met. The adult verification worksheet also includes collection of a social security number; however, this is not mandatory to receive Adult services. It is required to request an SSN, but services can still be provided without receiving one. See SSN policy/guidance for more information.

Adult Priority of Service

- After eligibility criteria is met, the individual must meet at least one Priority of Service requirement before they are appropriate for enrollment. There are three (3) Priority of Service categories allowable:
 - Veteran and/or eligible spouse (only individuals who meet the definitions found in policy)
 - WIOA priority groups (recipients of public assistance, low-income, basic skills deficient. These three options apply only to individuals who meet specific qualifications found in policy.)
 - Significant barrier to employment (individuals must meet one of the categories found in policy)
- When Adult funds are limited, the hierarchy of Priority of Service must be applied. The hierarchy order can be found in policy. The first category (1) is highest priority, and the last category (5) is the lowest priority. For example:
 - A low-income veteran takes priority over a non-veteran who is basic skills deficient.
 - A non-veteran receiving public assistance takes priority over a non-veteran who has a barrier to employment.
- Required Benchmarks
 - WIOA prioritizes individuals who receive public assistance, are low-income, or are basic skills deficient (also known as WIOA priority groups).
 - 75% of enrollments into Adult must be in a WIOA priority group (listed in the hierarchy as numbers 1-2).
 - The other 25% of enrollments can consist of anyone with only a significant barrier to employment or veterans and eligible spouses (listed in the hierarchy as numbers 3-5).

Adult Eligibility Verification:

- Verification of eligibility is used to ensure the reliability of the participant information in the Management Information System (MIS), to guarantee services are provided to persons most in need, and to avoid potential disallowed costs. No individualized career services, training services, or supportive services may be provided until the participant has furnished proof of eligibility to the enrolling service provider. Please refer to the Adult Verification Worksheet for a complete list of acceptable documentation.

- When using ACA Medicaid as eligibility, staff are permitted to use the HL Eligibility Tool located on the HELPLink Dashboard in teams. Staff must enter the individuals CLI_ID in the box labeled “Enter ID”. If the individual is eligible, a return will populate “Effective Dates”. If the individual is not eligible, there will not be a return (it will look like the query did nothing). Take full screenshot as shown below and save in the client’s file.

Date Updated

Enter ID

[Redacted]

Client ID

Effective Dates

[Redacted] January 01, 2024
[Redacted] January 31, 2024

- If an applicant is unable to produce the necessary documents to prove eligibility, service providers have two options to determine eligibility:
 - Verify information given via telephone contact using the Telephone Verification Form (WIOA.15) with a business or by document inspection using Verification of Documentation Form (WIOA.53); or
 - An Applicant Statement Form (WIOA.18) may be used. However, the case manager must ensure applicant statements and staff verifications are permitted by the federal data validation requirements.

Adult Initial Assessment:

All participants must have a complete assessment to evaluate basic skills, experience, the appropriateness for service, and ability to benefit from WIOA. An assessment is part of the overall intake process and includes the initial determination of the participant’s employability, aptitudes, abilities, interests, and need for supportive services through interview and testing. When the assessment indicates that Individualized Career Services are appropriate, an Individual Employment Plan (IEP) is completed for adults.

Comprehensive Assessment Guidelines:

- A complete assessment is an independent, comprehensive evaluation of an individual designed to identify information vital to the development of a service strategy and to set goals and objectives leading to gainful employment.
- The assessment is a holistic, ongoing process and should not be viewed as a one-time event. It includes a full array of options from which the program staff and participant make informed decisions and select appropriate services that enable the participant to secure and retain long-term, self-sufficient employment.
- Providers will use the assessments and other tools that are most appropriate to

determine the needs of the individual participant.

Individual Employment Plan (IEP) Description:

- An IEP is required for Adult participants in the WIOA Individualized Career and Training services, and Supportive services. The IEP is developed in partnership with the participant. The IEP identifies where the participant is, where the participant wants to be and the appropriate mix and sequence of services and support to reach a realistic employment goal. The development of the IEP will be based upon the results of the comprehensive assessments.
- Service providers must use the IEP Form provided on MDLI's WIOA website.
- A signed copy (signed by program staff and participant) must be maintained in the participant's file. This signed IEP is the acknowledgment that the participant read and agrees to the responsibilities; and know where they can file a grievance or complaint.
- Once the IEP form is complete and the participant is enrolled in the WIOA Adult program, case managers must open a MIS Employment Plan for the participant. The goals and objectives, based on the information on the IEP Form, will be recorded in the MIS Employment Plan. In addition, case managers will record on-going, IEP-related services provided in the MIS Employment Plan.

Basic Career Services

Orientation – all individuals entering, or re-entering services are to be oriented to the program.

Orientation topics include:

- An introduction to the program – purpose and goals;
- Rules and regulations of the program;
- Provider responsibilities;
- Participant responsibilities;
- Program resources and supportive services available;
- Job-related injury procedures; and
- Wage and pay information;

Orientation must include:

- Information and documented acknowledgement of procedures for complaints, grievances, and discriminatory practices.
- Assessment of skill levels, aptitudes, abilities, and supportive service needs;
- Provision of performance information and program cost information on eligible providers of education, training and workforce services by program and type of providers;
- Provision of information relating to the availability of supportive services in the area and referral to such services, as appropriate;
- Provision of information regarding filing claims for unemployment compensation when appropriate;
- Assistance in establishing eligibility for programs of financial aid assistance for training and education programs that are not funded under WIOA and are available in the local area;
- One-stop resource and workshop services;
- Labor Market Information related to their employment goal.

Individualized Career Services

- Group counseling;
- Individual counseling;
- Career planning;

- Short-term pre-vocational services including development of learning skills, communication skills, interviewing skills, punctuality, personal maintenance skills, and professional conduct services to prepare individuals for unsubsidized employment or training;
- Internships and work experiences that are linked to careers;
- Workforce preparation activities;
- Financial literacy services;
- Out-of-area job search assistance and relocation assistance; and/or
- English language acquisition and integrated education and training programs.

Training Services

- WIOA funding may be used for training that leads to a goal of self-employment.
- The service provider must verify and pay tuition and other training costs in accordance with the training provider's documented payment policy or terms. WIOA funding may be used for any expenses considered to be part of the Cost of Attendance that cannot be funded by the Pell or other grant assistance. In situations of co-enrollment with other WIOA or non-WIOA programs (e.g. TAA, etc.), the case manager will coordinate with the training provider and other programs to ensure the participant's training needs are met and there is no duplication of services. WIOA funding will always be a supplement to another grant assistance.

Case Management and Career Planning

- Career planning offers participant-centered service delivery designed to:
 - Prepare and coordinate comprehensive IEP's, such as service strategies to ensure participant access to necessary workforce investment activities and services, using when feasible, computer-based technologies;
 - Provide job, education, and career counseling during program participation and after job placement.
- Case Management responsibilities include:
 - Providing testing of basic skills, comprehensive assessment, and testing;
 - Co-enrolling in all applicable programs as appropriate;
 - Monthly contact with participants; and, if unable to make contact in a 90-day period, closing all services effective the date the services were last provided.
 - Developing and updating of an IEP;
 - Determining if participant requests for training services and supportive or other services are allowable, appropriate, and able to be funded;
 - Coordinating joint training plans and employment services as appropriate;
 - Monitoring the progress of participants in their approved plan;
 - Recording all program services and case notes in MIS within the required timelines and as service/contact occurs, reflecting any significant issues or changes;
 - Maintaining the participant file;
 - Ending the participant's services and program enrollment when services are no longer being provided; and
 - Ensuring that participants are aware of their responsibilities.

DISLOCATED WORKER ELIGIBILITY

Operational Guidance: Refer to the Dislocated Worker Policy. The following is intended as guidance and clarification.

Eligibility documentation must be present in the file prior to enrollment. Case Managers should use the Dislocated Worker Verification form as a tool to ensure all eligibility documentation has been obtained.

Job Attached – any person seeking services who is job attached is considered likely to return to the previous industry and therefore does not meet the eligibility for Dislocated Worker.

[<< Back to Table of Contents](#)

YOUTH ELIGIBILITY

Operational Guidance: Refer to the WIOA Youth Program Policy. The following is intended as guidance and clarification.

Eligibility documentation must be present in the file prior to enrollment. Case Managers should use the appropriate Youth (OSY, ISY or 5% low-income exception) Verification form as a tool to ensure all eligibility documentation has been obtained.

Determining eligibility based on In-School Youth (ISY) and Out-of-school Youth (OSY) status
Requirement: Seventy-five (75%) of WIOA youth expenditures must be spent on OSY youth.

The applicant's school status is based on the status at the time the eligibility determination was made. Once the school status is determined that status remains the same throughout the youth's participation in the WIOA youth program for purposes of reporting. If the youth is determined out-of-school at the time of enrollment and subsequently enrolls or enters any type of school qualified under the Youth program, that youth is still considered OSY throughout their participation in the program.

ISY is a youth who is at least 14 years and no older than 21 (21 years/364 days) and is attending any school, including youth attending secondary school, post-secondary school, an alternative school, or registered home school at the time of enrollment.

- Youth attending high school equivalency (HSE) programs, including those considered to be dropout re-engagement programs, funded by the public K-12 school system that are classified by the school system as still enrolled in school are considered ISY;
- If a youth is enrolled in the WIOA program between high school graduation and post-secondary education, the youth is considered an ISY if they have registered for post-secondary education, even if they have not begun postsecondary classes at the time of enrollment;
- If the youth is enrolled in any credit-bearing postsecondary education classes, including credit-bearing community college classes and credit-bearing continuing education classes, then they are considered attending postsecondary education and an ISY;
- Youth that is homeschooled and the courses of study are recognized and approved by the school superintendent of the county in which the youth resides is an ISY.

OSY is a youth who is at least 16 years and no older than 24 (24 years/364 days) and is not attending any school at the time of enrollment.

- If a youth is a high school dropout at enrollment and returns to secondary education the youth remain an OSY;
- If a youth graduates high school and registers for postsecondary education but does not ultimately follow through with attending postsecondary education, then the youth would be considered an OSY if the eligibility determination is made after the point that the youth decided not to attend postsecondary education;
- If the youth is only enrolled in non-credit-bearing postsecondary classes, they would not be considered attending postsecondary school and an OSY;
- Youth that is homeschooled, but the courses are neither recognized nor approved by the school superintendent of the county in which the youth resides is an OSY;

- Youth attending adult education are OSY;
- Youth attending YouthBuild or Job Corps programs are OSY.

Determining Eligibility Based on Income

Not all youth are required to be low-income to qualify for the WIOA youth program. To determine whether a youth must be low-income the case manager has to first determine whether the youth is an ISY or OSY.

Low Income Requirement

Youth that meet any one of the following criteria are considered low-income:

- youth's total family income does not exceed the 70% of the lower living standard income levels (LLSIL); or
- youth in any stage of the foster care system; or
- homeless or a runaway youth; or
- youth that is receiving, or is a member of a family that is receiving or in the past 6 months has received SNAP or TANF; or
- youth that is receiving Supplemental Security Income (SSI); or
- youth that is receiving State or local income-based public assistance; or
- ISY youth that is eligible to receive a free or reduced priced lunch; or
- an OSY that is a parent living in the same household as a child who receives or is eligible to receive free or reduced-price lunch based on their income level, then such an OSY would meet the low-income criteria based on his/her child's qualification.

ISY: All ISY must be low income except for those youth that are eligible under the 5% low-income exception.

An ISY with a disability must provide proof of low income. If the family income exceeds the Lower Living Standard Income Levels (LLSIL), the youth may be enrolled as a family size of one if their own income level is at or below the LLSIL.

OSY: The low-income requirement applies only to the following barriers:

- youth is a recipient of a secondary school diploma or its recognized equivalent and is either basic skill deficient; or
- is an English language learner; or
- youth requires additional assistance to enter or complete an education program or to secure or hold employment.

OSY who have any of the other barriers e.g., disability, dropout, offender, pregnant/parenting, do not need to provide verification of low-income.

Five (5) percent low-income exception: WIOA allows a low-income exception for 5 percent of ISY and OSY who would ordinarily be required to be low-income for eligibility purposes and meet all other eligibility criteria for WIOA youth but are not low-income.

The 5% low-income exception is based on the percent of youth (ISY and OSY) enrolled in a local area and the 5% percent low-income exception quickly reaches the maximum enrollments allowed. Case managers need to send an email to the Youth Program Manager requesting to enroll the youth using the 5% exception prior to enrolling the youth.

Identifying Youth Eligibility Barriers: Case managers should be working with applicants in determining barriers during the pre-application assessment process, so they will end up with one specific barrier that makes them eligible for the WIOA youth program for which the applicant will need to provide documentation for verification.

There is no limit to the number of barriers however the participant must provide documentation to verify every barrier checked on the application and in MWorks which could be place an unnecessary burden on the participant. Any other barriers identified by the participant should be addressed on the ISS and documented in case notes.

To be identified as an OSY the youth must not be attending any school at the time of enrollment. Refer to the Youth Program Policy for the complete list of barriers that apply to OSY.

To be identified as an ISY the youth must be attending school at the time of enrollment. Refer to the Youth Program Policy for the complete list of barriers that apply to OSY

Requires Additional Assistance to enter or complete an educational program or to secure and hold employment. WIOA added an additional barrier for youth ages 14-24 that require additional assistance to complete an educational program or to secure and hold employment. This barrier is generally used when the youth doesn't meet the criteria for any other WIOA youth barrier.

ISY that requires additional assistance to complete an educational program is a youth who:

- is at risk of dropping out of high school as documented by his/her school; or
- had previously dropped out of an educational program but has returned to school (including an alternative school); or
- has below average grades; or a youth with poor attendance patterns in an educational program during the last 12 calendar months; or
- has been suspended or expelled from school within the last 12 calendar months; or
- has previously been placed in out-of- home care (foster care, group home for more than 6 months.

ISY that requires additional assistance to secure or hold employment is a youth who:

- has not held a job for more than three consecutive months; or
- has a poor work history to include no work history; or
- has been fired from a job in the last 6 calendar months; or lacks work readiness skill necessary to obtain and/or retain employment.

Five (5) Percent – Youth Requires Additional Assistance:

Service providers are encouraged to serve those ISY youth that have the more significant barriers in the WIOA Title I youth program which is why WIOA set the enrollment limit for using either of these barriers to 5%.

The 5% percent low-income exception quickly reaches the maximum enrollments allowed so case managers need to send an email to the Youth Program Manager requesting to enroll the youth using the 5% exception prior to enrolling the youth.

OSY that requires additional assistance to complete an educational program is a youth who:

- needs a high school diploma; or

- has dropped out of a post-secondary educational program during the last 12 calendar months; or
- has a diploma but requires additional education to obtain or retain employment

OSY that requires additional assistance to secure or hold employment including a youth with diploma or equivalent and who:

- is not currently attending any school; and
- has not held a full-time job for more than three consecutive months; or
- has a poor work history, to include no work history; or
- has been fired from a job in the last six calendar months; or
- lacks work readiness skills necessary to obtain and/or retain employment.

There is no limit for enrolling OSY using either of the requires additional assistance barriers.

[<< Back to Table of Contents](#)

STATE DISPLACED HOMEMAKER ELIGIBILITY

OPERATIONAL GUIDANCE: Refer to the State Displaced Homemaker Policy. The following is intended as guidance and clarification.

Eligibility

1. Loss of support could mean a death or divorce within the timeline established in the State Displaced Homemaker Policy.
2. Caring for the home and family generally refers to the care of the applicant's parents, spouse, siblings, other relatives, and children.
3. A criminal offender is eligible if they meet any one of the Eligibility Requirements for the SDH program.

Services

The needs of displaced homemakers are extensive. Besides the problems associated with economic loss – childcare, transportation, housing, and lack of basic necessities – the disruption of family life may result in emotional, medical, and legal difficulties. Displaced homemakers often lack self-confidence and self-esteem, which can be formidable barriers to employment. Meeting these needs is achieved through counseling, training, jobs, services, and health care.

Generally, any services provided to adults and dislocated workers through the WIOA Title IB program are available to State Displaced Homemaker participants, including developing an Individual Employment Plan (IEP), providing skills assessment and testing and similar activities described in the Assessment and IEP sections of this manual. Occupational Skills training is also available to State Displaced Homemaker participants. An ITA is not required for the SDH program.

State Displaced Homemaker providers receive very little funding for this program therefore co-enrollment in WIOA Title IB Adult and Youth programs is encouraged. Whenever co-enrollment occurs SDH, and Adult providers should work closely to determine the best way to serve the participant and leverage funding.

Referral

Displaced homemakers often lack self-confidence and self-esteem, which can be formidable barriers to employment. Crisis intervention and counseling are often critical preliminary needs of displaced homemakers. Referral to relevant community service agencies will provide information and assistance with respect to such items as health care, financial matters, education, nutrition, and legal problems.

Follow-up

Enrollment into follow-up is not required for SDH participants. If a participant is enrolled in follow-up financial assistance may be provided.

[<< Back to Table of Contents](#)

SELECTIVE SERVICE REGISTRATION REQUIREMENTS

OPERATIONAL GUIDANCE: Refer to the Selective Service Registration Requirements Policy. The following is intended as guidance and clarification.

What to do if an applicant is over 25 and doesn't remember registering:

1. Have the applicant provide a copy of the Selective Service Verification from the Selective Service website.
2. If the applicant has registered with Selective Service as required and is otherwise eligible then continue with the enrollment process.

What happens if the individual never registered with Selective Service or can't provide documentation?

1. Service providers must require that males 26 years and over request a Status Information Letter before making a determination that the failure to register was knowing and willful.
2. An individual may obtain a Status Information Letter from Selective Service if he:
 - a. Believes that he was not required to register; or
 - b. Did register but cannot provide any of the documentation as described in the Selective Service Policy on the WSD website.
3. If the Status Information Letter indicates that the applicant was not required to register for Selective Service, he is eligible for WIOA funded programs.
4. If the Status Information Letter indicates that the applicant was required to register but can't because he is 26 or older then case managers would not enroll him until it can be determined that his failure to register was not knowing and willful.

What happens if the Status Information Letter says that the applicant was required to register but is no longer within the age of registration?

1. Only the service provider has the responsibility of requesting and evaluating the documentation and determining whether the failure to register was knowing and willful. Considerations for determining whether the failure to register was "knowing" and "willful" are described in detail in the Selective Service Registration Requirements Policy on the WSD policy website. (Refer to Determining Knowing and Willful Failure to Register below)
2. The applicant should be encouraged to offer as much evidence and in as much detail as possible. Documentation includes a written applicant statement and supporting documentation of his circumstances at the time of the required registration and the reasons for failure to register.

Registration Requirements for Males Under 26 years of Age

1. Youth providers are reminded to establish a tickler file to remind them to assist those youth who were under 18 at enrollment in registering for selective service within the required timeline.
2. Service providers that exit a male participant who turns 18 while enrolled in WIOA and refuses to comply with Selective Service Registration requirements would not place that youth in follow up.
3. Failure to register within the required time frame may result in disallowed costs. When a Youth participant turns 18 years of age during enrollment, the case manager shall assist

the Youth to register with selective service. Registration has to happen within 30 days of turning 18.

Transgender - Individuals who are born female and changed their gender to male are not required to register. U.S. citizens or immigrants who are born male and changed their gender to female are still required to register.

OPM notes that "transgender" refers to people whose gender identity and/or expression is different from the sex assigned to them at birth (e.g. the sex listed on an original birth certificate). The OPM Guidance further explains that the term "transgender woman" typically is used to refer to someone who was assigned the male sex at birth but who identifies as a female. Likewise, OPM provides that the term "transgender man" typically is used to refer to someone who was assigned the female sex at birth but who identifies as male.

NOTE: Transgender students are welcome to contact Selective Service regarding their registration requirements if they are unclear about how they should answer Question 21 or Question 22 on the Free Application for Federal Student Aid (FAFSA) or need a status information letter from Selective Service that clarifies whether or not they are exempt from the registration requirement. This can be done by calling our Registration Information Office on 1-888-655-1825. Individuals who have changed their gender to male will be asked to complete a request form for a status information letter and provide a copy of their birth certificate. One exemption letter may be used in multiple school financial aid processes.

Determining Knowing and Willful Failure to Register

1. The Case manager determines if the failure was knowing and willful. As an example, if the participant was a conscientious objector and failed to register, that would be knowing and willful. In this case, the participant would not be eligible to receive services.
2. As part of the documentation of failing to register for selective service, the case manager shall gather an applicant statement explaining why the participant did not register for selective service.
3. A best practice would be for the case manager to set up a reminder on their calendar or other tickler system for when a Youth turns 18.

[<< Back to Table of Contents](#)

SOCIAL SECURITY NUMBER PROCEDURE

OPERATIONAL GUIDANCE: Refer to the Social Security Number Procedure Policy. The following is intended as guidance and clarification.

Participants having a Social Security card may be hesitant to have a copy of the card made by case managers. In cases like this, the Verification of Documentation (WIOA.53) form should be used. The form states the participant's name and SSN. The form must be signed by the case manager and maintained in the participant's file.

Procedure for Obtaining Social Security Number

Providers should assist the applicant in obtaining an SSN from the Social Security Administration. If the applicant does not have a Social Security Number a block or pseudo-number should be assigned pending receipt of the social security card.

[<< Back to Table of Contents](#)

ASSESSMENT AND PLANNING

OPERATIONAL GUIDANCE: Refer to the appropriate Program Policy. The following is intended as guidance and clarification.

Providers may use MCIS or other tools such as COPS-CAPS, eSKILLS testing, LMI site, ONET, etc. that are most appropriate to assess the needs of the individual participant. For example: If an individual has been successfully participating in a training program and needs assistance to complete the training; or they have prior training and experience in an occupation, but simply need an additional certification or help with license renewal, then they may only need the Resume Builder tool to assist in their job search.

Assessing the Participant: The assessment of the participant accounts for the participant's family situation, work history, education, occupational skills, interests, aptitudes, attitudes towards work, motivation, behavior patterns affecting employment potential, financial resources and needs, supportive service needs, and personal employment information as it relates to the local labor market. The name(s) of the assessor, name(s) of participants being assessed, and assessment results need to be identified on the IEP/ISS.

Initial assessments such as interest inventories, career assessment, and similar assessments (other than basic skills assessments) conducted by other human service programs or educational institutions within the last six months may be used where appropriate, rather than requiring the participant to undergo additional duplicative assessments, which may disrupt and discourage further participation. However, the service provider should evaluate the information provided and complete updated assessments if needed for effective WIOA program planning; and update the ISS/IEP appropriately.

[<< Back to Table of Contents](#)

INDIVIDUAL EMPLOYMENT PLAN (IEP)

OPERATIONAL GUIDANCE: Refer to the Adult and Dislocated Worker Program Policies. The following is intended as guidance and clarification.

An Individual Employment Plan (IEP) is required for Adult and Dislocated Worker participants in WIOA Title IB Individualized Career and Training services. Case Managers must use the IEP form WIOA.16. The IEP is developed in partnership with the participant, as this is a continual process. The IEP identifies where the participant is, where the participant wants to be and the appropriate mix and sequence of services and support to reach a realistic employment goal. The development of the IEP and updates or revisions should be based upon the results of the comprehensive assessment process.

The IEP service should be opened at enrollment and closed when the employment goal has been established. If the employment goal is modified during participation the IEP service should be opened and closed to reflect the change.

Services and Activities		
X= Initiates Participation & Extend Exit	Service Definition	Action
Eligibility		
	Eligibility Determination of eligibility to receive assistance. This service needs to be recorded for all participants enrolled in a program. Note: Open service again if determining eligibility for another program at a later date.	Close immediately when determination is completed.
Assessment		
X	Initial Assessment Initial assessment of skills and services needed which may include assessment of skill levels, aptitudes, abilities, and supportive service needs.	Open when service starts, close when service ends or is completed.
X	Comprehensive Assessment Comprehensive and specialized assessments of the skill levels and service needs, which may include diagnostic testing and use of other Assessment tools, and in-depth interviewing and evaluation to identify employment barriers and appropriate employment goals. This is the first service that should be opened for Adult & Dislocated Workers. It will trigger participation.	Open when service starts, close when service ends or is completed.

X= Initiates Participation & Extend Exit	Service Definition	Action
Basic Career Services		
	Determining Eligibility for Financial Assistance Assistance in establishing eligibility for programs of financial aid assistance for training and education programs which are not funded under WIOA and are available in the local area.	Open when service starts, close when service ends or is completed.
	Employment/Labor Market Information Provision of employment statistics information, including the provision of accurate information relating to local, regional, and national labor market areas. Labor Market Information (LMI) must be provided to participants in every program.	Open when service starts, close when service ends or is completed.
	Information on Performance and Program Costs Associated with Eligible Training Provider List Provision of performance information and program cost information on eligible providers of training services, youth activities, adult education, postsecondary vocational education, vocational education activities available to school dropouts under Carl Perkins, and vocational rehabilitation program activities.	Open when service starts, close when service ends or is completed.
	Information on Supportive and Follow-Up Services Provision of accurate information relating to the availability of supportive and follow-up services, including childcare and transportation available in the local area, and referral to such services as appropriate. REMINDER: Supportive Services during follow-up are not allowed with WIOA Adult and Dislocated Worker funds.	Open when service starts, close when service ends or is completed.
	Intake & Orientation Provide intake and orientation services (which may include worker profiling) available through the one-stop delivery system.	Open when service starts, close when service ends or is completed.
X	Job Search WIOA Case Manager provides services to assist participants in job search for employment. Note: Case notes should describe what assistance was provided.	Open when service starts, close when service ends or is completed.
	Local Workforce Area Performance Information	Open when service starts, close when

X= Initiates Participation & Extend Exit	Service Definition	Action
	Provision of information regarding how the local area is fulfilling performance measures and any additional performance information with respect to the one-stop delivery system in the local area.	service ends or is completed.
	Rapid Response Provide information about services available to dislocated workers. This service can be provided one-on-one or in a group setting. This service may only be used by the agency funded for Rapid Response	Open when service starts, close when service ends or is completed.
	Unemployment Information Provision of information regarding filing claims for unemployment compensation.	Open when service starts, close when service ends or is completed.
Basic Education		
X	Adult Basic/Literacy Services/Tutoring \$\$\$ Basic education for individuals (16 years or older), even if they have already earned a high school diploma or GED, to help them attain proficiencies equivalent to ninth grade level, or to improve basic skills to a level greater than that which the individual is required to have to attend a training institute or get and keep employment.	Open when service starts, close when service ends or is completed.
X	English as a Second Language Training for customers who speak English at a level which does not provide adequate functioning on the job or in society.	Open when service starts, close when service ends or is completed.
Case Management		
	Case Management Provide coordination and delivery of the appropriate mix of activities, services, and support for individuals in a WIOA program from point of enrollment to exit from WIOA.	Open this service at enrollment and keep open during participation and Follow-Up.
Employment Related Education		
X	ABE/Literacy Combined with training \$\$\$ Adult education and literacy activities provided in combination with services described in WIOA Section 134(c)(3)(D). REMINDER: Enter any credentials and measurable skill gains earned in MWORKS.	Open when service starts, close when service ends.
X	Combined Workforce Training with Related Instruction \$\$\$ Programs that combine workplace training with related instruction, which may include cooperative education programs. REMINDER: Enter any credentials and measurable skill gains earned in MWORKS.	Open when service starts, close when service ends.

X= Initiates Participation & Extend Exit	Service Definition	Action
X	Entrepreneurial Training \$\$\$ Training designed to provide the knowledge and skills necessary to start a business. Provides the basics of starting and operating a small business. Upon completion of the training the participant must develop a business plan. REMINDER: Enter any credentials and measurable skill gains earned in MWORKS.	Open when service starts, close when service ends.
X	Occupational Skills Training \$\$\$ Occupational skills training, including training for nontraditional employment and for training programs operated by the private sector. REMINDER: Enter any credentials and measurable skill gains earned in MWORKS.	Open when service starts, close when service ends
X	Skills Upgrade & Retraining \$\$\$ These are courses that develop professional competencies that are particularly relevant to a vocational/occupational goal. It must be demonstrated that the training will result in the workers' acquisition of transferable skills or an industry-recognized certification or credential. REMINDER: Enter any credentials and measurable skill gains earned in MWORKS.	Open when service starts, close when service ends
X	Training-Related Materials/Supplies \$\$\$ Payment of costs related to training programs. This service is used when paying a vendor other than the training provider for these goods/services. Training-related purchases may include books, uniforms or other clothing required for training, or supplies (e.g., tools, specialized computer software) required to start, continue, or complete a training program. This service should only be used in cases where an ITA has been established, and items are not purchased from the training facility. This is included on page 2 of the ITA.	Open when service starts, close when service ends or is completed.
Follow-Up Services		
	Follow-Up Services Provide follow-up services that may be available to participants, including counseling regarding the workplace, for participants who	Open when service starts, close when

X= Initiates Participation & Extend Exit	Service Definition	Action
	are placed in unsubsidized employment, for not less than twelve (12) months after the first day of the employment, as appropriate. Follow-Up Contact is not required for Adult and Dislocated Worker participants unless the participant exits to self-employment, railroad employment, federal government employment, or agricultural employment.	service ends or is completed.
Individualized Career Services		
X	Career Planning Provide comprehensive guidance and career counseling either one-on-one to an individual or in a group setting, including peer groups. This can include career and job search planning information and support, as well as referrals to other types of counseling services, as needed and appropriate for the participant. Note: Describe the service you provided in a case note.	Open when service starts, close when service ends or is completed.
X	Financial Literacy Services Provide services to help create household budgets; initiate savings plans; make informed financial decisions about education, retirement, home ownership, wealth building; other savings goals; manage spending, credit, and debt, including credit card debt, effectively; increase awareness of availability and significance of credit reports and credit scores in obtaining credit, including determining accuracy and how to correct inaccuracies in reports and scores and their effect on credit terms; support ability to understand, evaluate, and compare financial products, services and opportunities; and support activities that address particular financial literacy needs of non-English speakers, including providing the support through the development and distribution of multilingual financial literacy and education materials. Note: Describe the service you provided in a case note	Open when service starts, close when service ends or is completed.
X	Individual Employment Plan Development of an individual employment plan (IEP) to identify the employment goals, appropriate achievement objectives, and appropriate combination of services for the participant to achieve the employment goals. Note: If there is a change in the plan during participation, open a new Individual Employment Plan Service and close when the planning is complete	Open when the service starts, close when you have developed the Individual Employment Plan. .
X	Out of Area Job Search \$\$\$ Activities related to securing job openings within the United States that are outside the customer's 50 mile one-way from place of residence. Includes travel, per-diem, and lodging if appropriate. Must	Open when service starts, close when service ends.

X= Initiates Participation & Extend Exit	Service Definition	Action
	be approved before the activity begins. The employment plan must document that there is no reasonable expectation of obtaining suitable employment in the commuting area and there is a reasonable expectation of employment outside the commuting area. Interviews must be verified.	
	Relocation Assistance \$\$\$ All costs such as moving van/truck rental, mileage, meals, and lodging that are incurred to relocate a participant and the participant's family out of the service area to begin employment.	Open when service starts, close when service ends or is completed.
X	Short Term Pre-Vocational Services \$\$\$ Short-term pre-vocational or job readiness services include: development of learning and communication skills, and Soft Skills development that includes interviewing skills, punctuality, personal maintenance skills, and professional conduct, to prepare individuals for unsubsidized employment or training; a preparatory service that provides academic and/or employment-related training to participants who are in need of a short-term service to upgrade their current skills. Examples may be short term computer classes, software training (e.g. Excel or Word), or online access to test preparation for exams such as NCLEX or First Aid/CPR. This type of training does not provide an industry recognized certificate or credential upon completion (does not require ETPL documentation in the participant's file). This service should not be recorded on the training tab and does not require an ITA.	Open when service starts, close when service ends or is completed.
X	Supportive Service Assessment To be used when a case manager provides an assessment of the financial needs of a participant when providing supportive services.	Open and close immediately each time an assessment has been done.
Supportive Services		
	Childcare \$\$\$ - A service provided to ensure proper care of children while the parent or guardian is participating in an employment and training program. A person in the participant's immediate or extended family may perform childcare only after all other sources of day care have been exhausted. The payment shall be made to the childcare provider, not the participant.	Open when service starts, close when service ends or is completed.
	Health Care and Medical Services \$\$\$ Services of a one-time nature, such as a physical examination, prescription drugs, prescription eyeglasses, immediate dental care, and mental health care which are needed to enable an individual to participate in any training or re-employment activity.	Open when service starts, close when service ends or is completed.

X= Initiates Participation & Extend Exit	Service Definition	Action
	Housing \$\$\$ Housing assistance includes supportive service payments for rent. Payments are not allowed for titled or deeded items or when recovery of the expense is anticipated. Such items include: rent deposits or housing deposits; mortgage payments; homeowners' insurance; and property taxes.	Open when service starts, close when service ends or is completed.
	Other Supportive Services \$\$\$ Services not included elsewhere which are reasonable and necessary for a WIOA participant to complete their individual employment plan or individual service strategy, and/or obtain or retain employment or complete education goals.	Open when service starts, close when service ends or is completed.
X	Out of Area Job Search Assistance \$\$\$ Activities related to securing job openings within the United States that are outside the customer's 50 mile one-way from place of residence. Includes travel, per-diem, and lodging if appropriate. Must be approved before the activity begins. The employment plan must document that there is no reasonable expectation of obtaining suitable employment in the commuting area and there is a reasonable expectation of employment outside the commuting area. Interviews must be verified.	Open when service starts, close when service ends or is completed.
	Transportation \$\$\$ A service to ensure mobility between home and the location of employment, training and/or other supportive services. For WIOA programs, transportation assistance can include but is not limited to: intercommunity travel, automobile repair, automobile insurance, automobile registration and public transportation. Car payments and purchase of vehicles are NOT allowable.	Open when service starts, close when service ends or is completed.
	Work Related Materials/Supplies \$\$\$ Purchase of materials/supplies that are required to start or retain employment. This includes items such as tools and computer software, uniforms or other clothing required for work.	Open when service starts, close when service ends or is completed.
Work Site Learning		
X	Apprenticeship \$\$\$ Classroom training and on-the-job training combination that leads to skilled labor status. Programs must be approved and recorded by the ETA/Bureau of Apprenticeship and Training or by a recognized State Apprenticeship Agency.	Open when service starts, close when service ends or is completed.
X	Customized Training \$\$\$ Customized training conducted with a commitment by an employer or group of employers to employ an individual upon successful completion of the training.	Open when service starts, close when service ends or is completed.

X= Initiates Participation & Extend Exit	Service Definition	Action
X	On the Job Training (OJT) \$\$\$ Training by an employer that is provided to a paid participant while engaged in productive work in a job that provides knowledge or skills essential to the full and adequate performance of the job.	Open when service starts, close when service ends or is completed.
X	Work Experience/Internships \$\$\$ Work experience is a planned, structured learning experience that takes place in an employer's workplace (private for profit, non-profit, or public sector) for a limited period of time.	Open when service starts, close when service ends or is completed.

[<< Back to Table of Contents](#)

INDIVIDUAL SERVICE STRATEGY (ISS)

OPERATIONAL GUIDANCE: Refer to the Youth Program Policy. The following is intended as guidance and clarification.

PURPOSE OF THE INDIVIDUAL SERVICE STRATEGY (ISS)

The ISS is the tool used by case managers and WIOA youth participants to develop the plan for providing services to the participant throughout enrollment in the WIOA youth program. Having a well-developed ISS and related documentation is a vital part of case management and is required by the USDOL regulations.

The ISS form will be the basic instrument used to:

- Document the results of the objective assessment that included the review of the academic and occupational skill levels, strengths, as well as the service needs, of each youth for the purpose of identifying the appropriate services and career pathways for participants;
- Identify the appropriate career pathways that include education and employment goals;
- Consider career planning and the results of the objective assessment;
- Prescribe achievement objectives and services for the participant including program/employment/career goals, timeline for attainment, expected wage at placement;
- Determine the mix and sequence of serviced, including supportive services, and other resources needed to achieve program/employment/career goals; components of the section include:
 - Short and long-term objectives;
 - Which WIOA program element(s) to provide based on the participants' objective assessment that will assist the youth in achieving short and long-term objectives;
 - Timeline for attainment and date attained;
- Document how the program element is being provided, i.e., in-house or through a referral with a specific agency or service listed;
- As appropriate determine effective connections to in-demand industry sectors and occupations, including small businesses; and
- Discuss the provision of follow-up services that will track the progress of youth after exit from the program based on the youth's needs, providing assistance to help the youth secure better jobs, career development, and further education.

The ISS also:

1. represents an individual plan for each participant and includes: 1) an employment goal, 2) appropriate achievement objectives, including educational goals, and 3) appropriate services that are tied to the results of the objective assessment;
2. is a detailed, unique, individual strategy for each participant that is the basis for the overall case management strategy;
3. is considered a living document, to be reviewed and updated based on the needs of each participant;
4. can be used as a tool for ongoing conversations with participants about goals, service needs and progress; update strategies and activities as they occur and/or as life changes require; and to document referral and contact information for services obtained from partner organizations.

Document achievements in measurable and attainable short-term and long-term goals that both reflects the participant's interests and incorporate career pathway planning. The goals should not be vague nor considered as one-size fits all, such as "Long-term employment" or "Get a degree".

Setting personal and social goals may help with personal development; where the participant's career and education goals should drive service delivery.

Document the participant's progress, activities completed, benchmarks reached, and any other accomplishments. The ISS can be revised, as needed, at any time during the participant's participation in the WIOA youth program to help the participant achieve their goal(s).

ISS and MIS: The development of the ISS is one of four services that must be opened in MIS at enrollment to initiate participation in the WIOA youth program. The ISS service is generally opened and closed on the same day however the service should not be closed before the other three services (eligibility, objective assessment and one or more youth element) have been opened in MIS.

The ISS service may be opened and closed numerous times during the participant's participation in the WIOA youth program to reflect changes in the employment or education goals.

Provide a copy of the ISS to the participant and maintain a hardcopy and any changes pertinent to the participant's goals, services and/or activities needed to attain their goals in the participant file.

DEVELOPMENT OF THE ISS

The ISS should be customized to fit the needs of the participant. Complete each section as it applies to the participant at the time. Enter N/A in sections that are not applicable. The case manager and participant can go back at any time and complete or revise sections as appropriate.

1. Enter the participant's name;
2. Enter the date the case manager and participant began working on the ISS;
3. Enter the school status at enrollment; and
4. Enter the participant's goal(s). The participant's goals in this section can be general or more detailed at this point depending on the participant. Additionally, the goal(s) in this section may look different than the goals entered in the MAIN GOALS section of the ISS after the participant has gone through the Assessments and Potential Career Paths.

An O'Net code must be entered in the MIS Employment Plan when it's opened in the participant's record which may happen prior to the participant completing the required assessments. O'NET codes are found through the Labor Market Information (LMI) website.

That O'Net code may be changed as appropriate after the participant has gone through the required assessments and identified a career if the code is not the same as the original code entered in MIS.

OBJECTIVE ASSESSMENT

ACADEMIC SECTION

Case managers will use assessment results to guide the academic support services they provide the youth to help them gain aptitudes and increase literacy. Support may include case managers engaging dedicated tutors to assist participants to improve their math scores or reading comprehension.

Highest Grade Completed: Enter the highest grade completed for all OSY regardless of whether they've been determined to be basic skills Deficient

Basic Skills Deficiency determined prior to enrollment:

Complete this section for OSY that have dropped out of school and have been determined, prior to enrollment, to be Basic Skills Deficient (BSD) by an approved Adult Ed provider and has provided a copy of the TABE test results;

1. Enter the highest grade completed at the time of enrollment;
2. Enter the TABE Test Results for Reading; Math; Language:
3. Check BSD yes or no; and
4. If BSD describe the plan for improvement.

Basic Skills Deficiency determined after enrollment:

Complete this section for OSY that have dropped out of school and have been determined, after enrollment, to be BSD by an approved Adult Ed provider or other approved TABE administrator and provides a copy of the TABE test results;

1. Enter the highest grade completed at the time of enrollment;
2. Enter the TABE Test Results for Reading; Math; Language:
3. Check BSD yes or no; and
4. If BSD describe the plan for improvement.

Please note:

1. Basic Skills Deficient is not a barrier for OSY that have dropped out of school; and
2. OSY are no longer required to test within 10 days of enrollment.

Check the appropriate box for OSY or ISY that are BSD at the time of enrollment.

OSY with high school diploma or HiSET that are using the basic skills deficient barrier must provide at least one piece of documentation from the following list of acceptable documents as verification that their basic skills levels are at 8.9 grade level or below prior to enrollment;

1. Assessment test results; or
2. Applicable records such as transcripts/grades, academic assessments, or other school documentation from an educational institution (must be secondary education). NOTE: OSY with a diploma and use this barrier must also provide proof of low-income.

ISY that are using Basic Skills Deficient as a barrier and provide proof that they are Basic Skills Deficient at enrollment. Refer to the ISY Verification Worksheet for appropriate documentation.

1. Enter the current grade; and
2. Describe the plan for improvement.

Please note: For ISY, a current report card (within last six (6) months) showing that the applicant's grade point level is consistently below 1.3 is sufficient to demonstrate Basic Skills Deficient.

WORK HISTORY – Document the work history for all ISY and OSY. Enter no work history or N/A for those youth having none.

PERSONAL AND BASIC RESOURCE NEEDS, INTERESTS AND HOBBIES – Get to Know the Participant!

1. Help them identify strengths, challenges and/or barriers and services/resources or referrals. This includes assisting the participant in identifying any personal and basic resource needs;

2. Ask about their interests and hobbies, what they like to do for fun; and
3. Their interests in work or life.

ASSESSMENTS

1. Document the assessments completed by the participant e.g., if using MCIS assessment and the participant completed the Reality Check assessment, document that in Assessments Completed note:
2. Identify and document potential careers identified through assessment;
3. Only one assessment is required for the objective assessment at enrollment, however the participant may go through additional assessments as needed. Document additional assessments on the ISS.

MAIN GOALS

There are three goal types:

1. Educational;
2. Occupational/Employment; and
3. Personal/Social Goal

Work with the participant on developing short-term and long-term goals; and document the performance indicator that is linked to the educational, occupational or employment goal(s). Refer to the Performance Measures Policy on the WSD policy website for performance indicators.

DETERMINING THE PROGRAM ELEMENTS NEEDED TO ACHIEVE GOAL

Selecting a Category or Categories:

PREPARING FOR AND SUCCEEDING IN EMPLOYMENT

Labor market & employment information including career awareness, career counseling, and career exploration services. This youth element is often the first youth element opened on the MIS Employment Plan for labor market and employment information exploration. This service should be provided to the participant throughout the youth's enrollment and should remain open on the MWorks Employment Plan. This element would also be checked on the ISS when developing WEX worksites and appropriate job duties that are in line with participants' potential employment opportunities;

1. Projected Start Date:
 - This date may be the same date as the ISS development and planning start date.
2. Projected End Date:
 - There are no restrictions on how far out to project the end date if it's reasonable for the period of time the participant will be receiving this element. This element could potentially stay open throughout the participant's program enrollment.
3. Actual End Date:
 - Enter the actual end date that the participant stopped receiving this element. This may be the same date as the ISY or OSY program end date on the MWorks closures tab. The end date on the ISS does not have to match the service end date.
4. Document the participant's completion, whether it was successful or not and provide an explanation.

☒ Labor market & employment information including career awareness, career counseling, and career exploration services Action Steps/Referrals/Comments: Explore careers Determine O'NET codes				☐ Yes ☐ No Explain:
---	--	--	--	--

Paid and Unpaid Work Experiences. When the plan is for the participant to receive work experience during their enrollment in the youth program the paid and unpaid work experiences youth element is opened on the ISS and stays open throughout the entire period the youth is receiving this service. The element is not opened and closed on the ISS each time the participant is placed at a different worksite. This is documented in case notes and may also be documented in the WEX tasks feature on the MIS.

1. Date Opened:
 - This date pertains to opening the program element on the ISS and not the date the service is opened in MIS.
2. Projected End Date:
 - There are no restrictions on how far out to project the end if it's reasonable for the period of time the participant will be receiving this element. This element could potentially stay open throughout the participant's program enrollment.
3. Actual End Date:
 - Enter the actual end date that the participant stopped receiving this element. This date could potentially be the date the participant's youth program enrollment is closed.
4. Document the participant's completion, whether it was successful or not and provide an explanation.

☒ Paid & unpaid work experience ☒ summer employment and other employment throughout the year ☐ pre-apprenticeship programs ☐ Internships and job shadowing ☐ OJT Action Steps/Referrals/Comments: This element is only opened once on the ISS. Individual WEX will be documented in case notes and the service opened and closed as appropriate on the MWorks Employment Plan.	10/26/2020	10/26/2021		☐ Yes ☐ No Explain:
--	------------	------------	--	--

MIS Employment Plan and Case Notes:

- 1 Another element that might be good to open for all youth is Career Awareness/Counseling of

Exploration Services under Youth Services on the MIS Employment Plan. This service may be opened the same day as the ISS is developed. Since this service also provides information on career awareness, career counseling and exploration services, it can remain open on the employment plan for as long as the participant is enrolled in the WIOA program.

2. Open the paid and unpaid work experience service on the MIS employment plan after the worksite has been determined and the participant has been placed at the worksite. NOTE: The WEX start date on the MIS employment plan does not have to match the date the element was opened on the ISS. Close the service on the employment plan after all timesheets have been collected and all payments have been obligated, authorized, and showing as paid in MIS. NOTE: Document WEX information including the worksite information in case notes and in the task feature if case manager chooses to use that feature in the MIS employment plan.

IMPROVING EDUCATIONAL ACHIEVEMENT

Example: ISY attending public school at enrollment but determined at a later date that it would be better to leave the mainstream school and attend an alternative school.

NOTE: Refer to the Youth Training, Elements, And Services table in this section for assistance in determining which youth elements and services should be provided together, documented on the ISS and opened in MIS.

IMPROVING EDUCATIONAL ACHIEVEMENT	DATE OPENED	PROJECTED END DATE	ACTUAL END DATE	SUCCESSFUL COMPLETION
☒ Tutoring: study skills training, and instruction leading to secondary school completion, including dropout prevention strategies Action Steps/Referrals/Comments: This element must be open for all ISY and OSY that require assistance in completing an education. Describe action steps etc. here and document all other general information relating to this element in the client's case notes.	09/01/2020	06/01/2022		☐ Yes ☐ No Explain:
☒ Alternative secondary school offerings Action Steps/Referrals/Comments: This element was selected just to demonstrate a client moving from the mainstream school to an alternative school after enrollment. The Tutoring study skills training element stays open with the original start and projected end dates while the alternative secondary school may have a different start date but will generally have the same projected end dates.	11/11/2020	06/01/2022		☐ Yes ☐ No Explain:

1. Check the youth elements that will be provided to the participant:
 - a. Tutoring: study skills training, and instruction leading to secondary school completion, include dropout prevention strategies;
 - Identify actions, referrals, and comments as appropriate.
 - b. Alternative secondary school offerings.
 - Identify actions, referrals, and comments as appropriate.
2. Dates
 - a. Projected Start Date:
 - This date may but is not required to be the same date as program enrollment and ISS development.
 - b. Projected End Date:
 - There are no restrictions on how far out to project the end if it's reasonable for the period of time the participant will be receiving this element.
 - c. Actual End Date:
 - Enter the actual end date that the participant stopped receiving this element.
3. Document the participant's completion, whether it was successful or not and provide an explanation.

DEVELOPING THE POTENTIAL OF YOUNG PEOPLE AS CITIZENS

Example: The participant wants to be placed on a WEX but is lacking skills in several areas and needs help improving those skills before they can be placed at a worksite with that before placing them at a worksite.

Check leadership development opportunities/opportunities to develop social behaviors, other soft skills, and leadership opportunities.

Open this service in MIS and leave it open until while the participant is receiving this service.

PROVIDING INCENTIVES AND STIPENDS

The decision to provide an incentive should not be an afterthought but an agreement between the participant and the case manager when developing the ISS. (Refer to the WIOA Youth Program Policy on the WSD website for requirements for providing incentives and stipends)

a. Incentive

Example: The plan is to give the participant an incentive for attaining a certificate

- (1) Check incentive on the ISS and document the plan to provide an incentive in a case note.
 - Open this service in MIS when the participant has provided the appropriate documentation. Make the payment and close the service.

b. Stipend

Example: The plan is to give the participant a stipend for the time spent in Leadership Development classes.

- (1) Check stipend on the ISS and document the plan for providing the stipend(s) in a case note.

- Open this service in MIS when the participant has provided the appropriate documentation. Make the payment and close the service.

ACTION STEPS FOR EACH SECTION CHECKED ON THE ISS

Document action steps and referrals if applicable; and

- Enter comments;
- Enter the date the element was opened (this might not be the same date as in MWorks);
- Enter the projected end date;
- Enter the actual end date (this might not be the same date as in MWorks or may never have provided or opened in MWorks);
- Check yes or no for successful completion; and
- Explain - describe the results.

Review the ISS and the WIOA Participant Agreement with the participant. Case manager and participant sign and date the agreement and the signed original goes in the participant's file and a copy goes to the participant.

- Reminder, the ISS may be revised any number of times as the participant progress continues so case managers need to ensure that it is updated as the need for providing new services is determined until the participant no longer needs them. Close the corresponding service on MIS Employment Plan.

MIS Employment Plan and Case Notes:

When providing any youth element that will remain open on the MIS employment plan for an extended period, document the status or any actions taken in case notes at least once a month.

YOUTH ELEMENTS PARTICIPANT FILE and MIS DOCUMENTATION

Providers only need one piece of documentation to verify that participants received the same WIOA youth element more than once. The exception to this would be the documentation for the Work Experience youth element. Maintain the documentation used to verify that Youth Element(s) were provided to the participants in their files.

ACCEPTABLE DOCUMENTATION		YOUTH ELEMENT	
Improving Educational Achievement

Case Management

- If a case manager is unable to make contact in a 90-day period, please close all services effective the date services were last provided. Case management activities include:
 - Direct service delivery — orientation, pre-application, eligibility determination, objective assessment, ISS development, career planning, coordination of supportive services, referrals, job and work experience placement, outreach, and follow-up.
 - Monitoring and documenting eligibility, services, and outcomes — accurate and timely data entry into the management information system; ensuring eligibility and documentation requirements are met; determining the appropriate time to exit youth from program; and monitoring program exits and performance outcomes.
- The case manager must inform the participant of their responsibilities listed on the WIOA Participant Agreement and ensure that the agreement is signed and dated by both the participant and the case manager.

YOUTH TRAINING, ELEMENTS, AND SERVICES

SCENARIO	YOUTH ELEMENT	SERVICE(S)
Student attending High School earning HS Diploma	Tutoring, Study Skills, and Instruction	HS Diploma/HS Equivalency
Student attending alternative High School earning HS Diploma	Tutoring, Study Skills and Instruction and Alternative secondary school services	HS Diploma/HS Equivalency
Student attending High School AND earning dual credits at a local college.	Tutoring Study Skills and Instruction and Occupational Skills Training (YOU)	HS Diploma/HS Equivalency and Appropriate Training Service

Youth Participant attending a Pre-Apprenticeship class	Work Experience (Paid or Unpaid)	

WIOA YOUTH PARTICIPATION HAPPENED WHEN THE FOLLOWING SERVICES HAVE BEEN OPENED IN MIS

- Objective Assessment (service is opened)
- Eligibility Determination (service is opened)
- Development of the ISS (ISS service opened)
- One or more youth element (service opened)

MWORKS SERVICES DEFINITIONS

The following table provides youth service definitions; services that initiate participation and extend exit; services with \$\$\$ attached: and action required for opening and closing each service.

X= Initiates Participation & Extend Exit	Youth Service Definition	Action
Eligibility		
	Eligibility Determination of eligibility to receive assistance. This service needs to be recorded for all participants enrolled in a program. Note: Open service again if determining eligibility for another program at a later date.	Close immediately when determination is completed.
Assessment		
X	Objective Assessment Objective assessment of skills by administering/participating in skills testing, such as reading/math, aptitude, interest, work maturity tests, and medical/mental health evaluations. This is the first service that should be open for Youth Participants. It will trigger participation after eligibility has been determined, the ISS has been developed, and the participant has received one of the Youth Elements.	Use this service to record applicable assessments. Open when service starts, close when service ends or is completed. This service should be opened and closed each time an objective assessment is provided.
Basic Career Services		
	Determining Eligibility for Financial Assistance Assistance in establishing eligibility for programs of financial aid assistance for training and education programs which are not funded under WIOA and are available in the local area.	Open when service starts, close when service ends or is completed.
	Employment/Labor Market Information Provision of employment statistics information, including the provision of accurate information relating to local, regional, and national labor market areas. Labor Market Information (LMI) must be provided to participants in every program.	Open when service starts, close when service ends or is completed.

X= Initiates Participation & Extend Exit	Youth Service Definition	Action
	NOTE: WIOA Youth service providers should open the youth element that provides Labor Market Information in place of this service.	
	Information on Performance and Program Costs Associated with Eligible Training Provider List Provision of performance information and program cost information on eligible providers of training services, youth activities, adult education, postsecondary vocational education, vocational education activities available to school dropouts under Carl Perkins, and vocational rehabilitation program activities.	Open when service starts, close when service ends or is completed.
	Information on Supportive and Follow-Up Services Provision of accurate information relating to the availability of supportive and follow-up services, including childcare and transportation available in the local area, and referral to such services as appropriate.	Open when service starts, close when service ends or is completed.
	Intake & Orientation Provide intake and orientation services (which may include worker profiling) available through the one-stop delivery system.	Open when service starts, close when service ends or is completed.
X	Job Search WIOA Case Manager provides services to assist participants in job search for employment. Note: Case notes should describe what assistance was provided.	Open when service starts, close when service ends or is completed.
	Local Workforce Area Performance Information Provision of information regarding how the local area is fulfilling performance measures and any additional performance information with respect to the one-stop delivery system in the local area.	Open when service starts, close when service ends or is completed.
	Rapid Response Provide information about services available to dislocated workers. This service can be provided one-on-one or in a group setting. This service may only be used by the agency funded for Rapid Response	Open when service starts, close when service ends or is completed.
	Unemployment Information Provision of information regarding filing claims for unemployment compensation.	Open when service starts, close when service ends or is completed.
Basic Education		
X	Adult Basic/Literacy Services/Tutoring \$\$\$ Basic education for individuals (16 years or older), even if they have already earned a high school diploma or GED, to help them attain proficiencies equivalent to ninth grade level, or to improve basic	Open when service starts, close when service ends or is completed.

X= Initiates Participation & Extend Exit	Youth Service Definition	Action
	skills to a level greater than that which the individual is required to have to attend a training institute or get and keep employment.	
X	English as a Second Language Training for customers who speak English at a level which does not provide adequate functioning on the job or in society.	Open when service starts, close when service ends or is completed.
X	High School Equivalency/High School Diploma Activities related to completing a high school equivalency (HSE) certificate or high school diploma.	Open when service starts, close when service ends or is completed.
Case Management		
	Case Management Provide coordination and delivery of the appropriate mix of activities, services, and support for individuals in a WIOA program from point of enrollment to exit from WIOA.	Open this service at enrollment and keep open during participation and Follow-Up.
Employment Related Education		
X	ABE/Literacy Combined with training \$\$\$ Adult education and literacy activities provided in combination with services described in WIOA Section 134(c)(3)(D). REMINDER: Enter any credentials and measurable skill gains earned in MWORKS.	Open when service starts, close when service ends.
Follow-Up Services		
	Follow-Up Services \$\$\$ Provide follow-up services that may be available to participants, including counseling regarding the workplace, for participants who are placed in unsubsidized employment, for not less than twelve (12) months after the first day of the employment, as appropriate.	Open when service starts, close when service ends or is completed.
Individualized Career Services		
	Relocation Assistance \$\$\$ All costs such as moving van/truck rental, mileage, meals, and lodging that are incurred to relocate a participant and the participant's family out of the service area to begin employment.	Open when service starts, close when service ends or is completed.
X	Career Planning Provide comprehensive guidance and career counseling either one-on-one to an individual or in a group setting, including peer groups. This can include career and job search planning information and support, as well as referrals to other types of counseling services, as needed and appropriate for the participant. Note: Describe the service you provided in a case note.	Open when service starts, close when service ends or is completed.

X= Initiates Participation & Extend Exit	Youth Service Definition	Action
X	Short Term Pre-Vocational Services \$\$\$ Short-term pre-vocational or job readiness services include development of learning and communication skills, and Soft Skills development that includes interviewing skills, punctuality, personal maintenance skills, and professional conduct, to prepare individuals for unsubsidized employment or training; a preparatory service that provides academic and/or employment-related training to participants who need a short-term service to upgrade their current skills. Examples may be short term computer classes, software training (e.g. Excel or Word), or online access to test preparation for exams such as NCLEX or First Aid/CPR. This type of training does not provide an industry recognized certificate or credential upon completion (does not require ETPL documentation in the participant's file). This service should not be recorded on the training tab and does not require an ITA.	Open when service starts close when service ends or is completed.
X	Supportive Service Assessment To be used when a case manager provides an assessment of the financial needs of a participant when providing supportive services.	Open and close immediately each time an assessment has been done.
Supportive Services		
	Childcare \$\$\$ - A service provided to ensure proper care of children while the parent or guardian is participating in an employment and training program. A person in the participant's immediate or extended family may perform childcare only after all other sources of day care have been exhausted. The payment shall be made to the childcare provider, not the participant.	Open when service starts, close when service ends or is completed.
	Health Care and Medical Services \$\$\$ Services of a one-time nature, such as a physical examination, prescription drugs, prescription eyeglasses, immediate dental care, and mental health care which are needed to enable an individual to participate in any training or re-employment activity.	Open when service starts, close when service ends or is completed.
	Housing \$\$\$ Housing assistance includes supportive service payments for rent. Payments are not allowed for titled or deeded items or when recovery of the expense is anticipated. Such items include rent deposits or housing deposits; mortgage payments; homeowners' insurance; and property taxes.	Open when service starts, close when service ends or is completed.
	Other Supportive Services \$\$\$ Services not included elsewhere which are reasonable and necessary for a WIOA participant to complete their individual employment plan or individual service strategy, and/or obtain or retain employment or complete education goals.	Open when service starts, close when service ends or is completed.

X= Initiates Participation & Extend Exit	Youth Service Definition	Action
	Out of Area Training Assistance \$\$\$ Assistance with costs out of the area for training mileage, meals and lodging that are incurred for the participant to attend training out of the area.	Open when service starts, close when service ends or is completed.
	Transportation \$\$\$ A service to ensure mobility between home and the location of employment, training and/or other supportive services. For WIOA programs, transportation assistance can include but is not limited to: intercommunity travel, automobile repair, automobile insurance, automobile registration and public transportation. Car payments and purchase of vehicles are NOT allowable.	Open when service starts, close when service ends or is completed.
	Work Related Materials/Supplies \$\$\$ Purchase of materials/supplies that are required to start or retain employment. This includes items such as tools and computer software, uniforms or other clothing required for work.	Open when service starts, close when service ends or is completed.
Youth Elements		
X	Tutoring, Study Skills and Instruction and Dropout Prevention \$\$\$ Leads to a high school diploma or its equivalent. This element includes evidence-based drop-out prevention and recovery strategies. Can be provided one-on-one or in a group. Note: Document service with employment plan tasks and case notes.	Open when service starts, close when service ends or is completed.

X= Initiates Participation & Extend Exit	Youth Service Definition	Action
X	Work Experiences (Paid or Unpaid) \$\$\$ Planned, structured learning experience that takes place in a workplace for a limited period of time. Includes: • Summer employment opportunities and opportunities available throughout the school year; • Pre-Apprenticeship; • Internships and job shadowing; and • OJT opportunities Note: Document service with case notes These are separate services in MWorks but they are considered Work Experience for reporting purposes. These can be found under the Youth Services Objective. Incentives tied to WEX \$\$\$ Stipends tied to WEX \$\$\$	Open when service starts, close when service ends or is completed.
X	Entrepreneurial Training \$\$\$ Training designed to provide the knowledge and skills necessary to start a business. Provides the basics of starting and operating a small business. Upon completion of the training the participant must develop a business plan. REMINDER: Enter any credentials and measurable skill gains earned in MWORKS.	Open when service starts, close when service ends or is completed.
X	Occupational Skills Training (YOU) \$\$\$ Occupational skills training as an organized program of study that provides specific vocational skills that lead to proficiency in performing actual tasks and technical functions required by certain occupational fields at entry, intermediate, or advanced levels. Note: If a credential or measurable skill gain was earned record in MWorks.	Open when service starts, close when service ends or is completed.
X	Education/Workforce Preparation \$\$\$ Workforce preparation activities, basic academic skills, and hands on occupational skills training being taught within the same time frame and connected to training in a specific occupation, occupational cluster, or career pathway. This program element is to be used when all three are provided in an integrated education and training model.	Open when service starts, close when service ends or is completed. Document service with employment plan case notes.
X	Leadership Development Opportunities \$\$\$ Opportunities that encourage responsibility, confidence, employability, self-determination, and other positive social behaviors. Includes: • Exposure to postsecondary education; • Community and service learning projects;	Open when service starts, close when service ends or is completed. Document service

X= Initiates Participation & Extend Exit	Youth Service Definition	Action
	• Peer-centered activities; • Organizational and teamwork training; • Decision making training including determining priorities and problem solving; • Citizenship training including life skills training such as parenting and work behavior and civic engagement activities; • Other leadership activities that place a youth in a leadership role such as serving on committees	with employment plan case notes.
X	Supportive Services for Youth Services that enable an individual to participate in WIOA activities. To pay for Youth supportive services, choose the Supportive Service Assessment, Supportive Services objective, then the appropriate service.	Open when service starts, close when service ends or is completed. Document service with employment plan case notes.
X	Adult Mentoring \$\$\$ Adult mentoring must last at least 12 months and may take place both during the program and following exit from the program. A formal relationship between the Youth and an adult mentor that includes structured activities where the mentor offers guidance, support, and encouragement to develop the competence and character of the mentee. DOL acknowledges that in a few areas of the country finding mentors may present a burden to a program. While DOL strongly prefers that case managers not serve as mentors, the final rule allows case managers to serve as mentors in areas where adult mentors are sparse.	Open when service starts, close when service ends or is completed. Document service with employment plan case notes.
	Follow-Up Services for Youth \$\$\$ Services provided following a youth's exit from the program to help ensure the youth is successful in employment and/or postsecondary education or training. Follow-Up services for youth may include the following program elements: • Supportive services • Adult mentoring • Financial literacy • Labor market and employment information including career awareness, career counseling and career exploration; • Transition to postsecondary education and training. Follow-Up services will not extend exit and should be recorded in MWorks as a "Follow-Up Youth Element" and not other service.	Open when service starts, close when service ends or is completed. Document service with employment plan case notes.

X= Initiates Participation & Extend Exit	Youth Service Definition	Action
X	Comprehensive Guidance and Counseling \$\$\$ Provides individualized counseling to participants including drug and alcohol abuse counseling, mental health counseling and referrals to partner programs as appropriate. When these services are available within the Youth provider agency, it is allowable for the youth to receive counseling from the agency, otherwise an outside agency must provide the service.	Open when service starts, close when service ends or is completed. Document service with employment plan case notes.
X	Financial Literacy Education \$\$\$ • Create budgets, initiate checking and saving accounts, make informed financial decisions • Learning how to effectively manage spending, credit, and debt • Teaching the significance of credit reports and credit scores • Support a participant's ability to understand, evaluate and compare financial products and services • Education about identity theft • Address the particular financial literacy needs of non-English speaking people, including providing support through the development and distribution of multilingual financial literacy and education materials • Support activities that address the financial literacy needs of youth with disabilities including connecting them to benefits planning and work incentives counseling • Provide financial education that is age appropriate, timely and provides opportunities to put lessons into practice • Implement other approaches to help participants gain the knowledge, skills, and confidence to make informed financial decisions	Open when service starts, close when service ends or is completed. Document service with employment plan case notes.
X	Career Awareness/Counseling/Exploration Services • Career awareness, career counseling and career exploration • Labor market and employment information	Open when service starts, close when service ends or is completed. Document service with employment plan case notes.
X	Postsecondary Preparation and Transition Activities Activities that help youth prepare for and transition to post-secondary education and training	Open when service starts, close when service ends or is completed. Document service with employment plan case notes.

X= Initiates Participation & Extend Exit	Youth Service Definition	Action
X	Entrepreneurial Skills Training \$\$\$ Provides the basics of starting and operation a small business	Open when service starts, close when service ends or is completed. Document service with employment plan case notes.
X	Individual Service Strategy Development of an individual service strategy (ISS) to identify the employment goals, appropriate achievement objectives, and appropriate combination of services for the participant to achieve the employment goals.	Open when the service starts, close when you have developed the ISS. If there is a change in the plan during participation, open a new Individual Service Strategy service and close when the planning is complete.
X	Youth Stipends \$\$\$ Payment made to Youth program participants for participation in certain activities (considered seat-time payments). These stipend payments are not tied to WEX.	Open when service starts, close when service ends or is completed.
X	Youth Incentives \$\$\$ Payments made to Youth participants as a reward for attainment of specific goals from their ISS. These WEX payments are not tied to WEX.	Open when service starts, close when service ends or is completed.

[<< Back to Table of Contents](#)

CASE MANAGEMENT

OPERATIONAL GUIDANCE: Refer to the appropriate Program Policies. The following is intended as guidance and clarification.

Case management is only successful with frequent contact with the participant. Assisting participants with problem solving issues that could prevent them from participating in their employment plan is a large part of case management. Collecting necessary documentation from the participant, providing information on community resources, and assisting with barriers that are identified at and during enrollment.

Case notes should be made in MIS each time the case manager has contact with the participant; they should be detailed and document who, what, when and where; and they should flow from one note to the other providing information about the progress of the participant towards employment.

The participant's responsibilities during their participation include:

1. Participating in the development and planning of their IEP or ISS;
2. Taking an active role in working toward attainment of the goals developed on the IEP or ISS;
3. Obtaining prior approval for any type of service or assistance from the WIOA Program;
4. Informing Case Manager of progress;
5. Informing Case Manager of changes (address, phone number, classes or training, personal situations, etc.) in a timely manner (as it is happening, not weeks/months later).
6. Informing Case Manager of problems in any area (training, personal, financial, etc.) that could impact successful completion of their approved plan;
7. Informing Case Manager of work status; and
8. Timely submitting copies of grades, certifications, diplomas, registration schedule, bills, receipts, etc. when requested by their case manager.

[<< Back to Table of Contents](#)

YOUTH SERVICES AND ACTIVITIES

Operational Guidance: Refer to the WIOA Youth Program Policy. The following is intended as guidance and clarifications.

USDOL is committed to providing high quality services for youth and young adults by providing them one or more of the 14 youth elements including career exploration and guidance, continued support for educational attainment, opportunities for skill training in in-demand industries and occupations and culminating with a good job along a career pathway or enrollment in post-secondary education.

Required Youth Elements: Each of the 14 youth elements are designed to meet USDOL's commitment of providing quality services. WIOA doesn't require that youth receive every one of the 14 elements, but they must receive the elements that are essential in achieving their employment, educational and personal/social goals as described on the ISS. Refer to section 2.70 for the list of youth elements and services that should be opened concurrently in MIS.

Element 1 - Tutoring, study skills training, instruction, and dropout prevention services: This is the element to open for youth working toward their secondary school diploma or recognized equivalent and intended to help the youth remain in school.

Element 2 – Alternative secondary school services or dropout recovery services:

Alternative secondary school services: This piece of element 2 is used to assist ISY youth who have struggled in traditional secondary education and are now in an alternative school setting. The alternative school must be a part of the school district for the youth to counts as an ISY. Dropout recovery services, including credit recovery, counseling, and educational plan development. This part of element 2 is used to assist youth that have dropped out of school.

Element 2 can be open for both the ISY and OSY and although activities may overlap, the goal is to help youth to re-engage and persist in education that leads to the completion of a recognized high school equivalent.

Element 3 – Paid and unpaid work experience: Service providers must spend twenty-percent of WIOA youth expenditures (ISY and OSY) for any one of the work experience categories including (1) summer employment opportunities and other employment opportunities available throughout the school year; (2) pre-apprenticeship programs; (3) internships and job shadowing; and (4) OJT opportunities. Refer to the Youth Program Policy for the full list of allowable work experience expenditures.

Element 4 - Occupational Skills Training (OST): This element may be provided to older youth ages 16-24.

Training Services

- Such training must:
 - Be outcome-oriented and focused on an occupational goal specified in the individual service strategy;
 - Be of sufficient duration to impart the skills needed to meet the occupational goal; and
 - Result in attainment of a recognized post-secondary credential.
- To receive Occupational Skills Training services the youth must receive, at a minimum:
 - A completed ISS; and
 - A comprehensive and specialized assessment of skill levels and service needs; or
 - Group and/or individual employment counseling;
 - Case management; and
 - career planning.
- OSY will be afforded access to training activities designed to improve participation in the workforce; leading to higher earnings and self-sufficiency. Training activities for persons in these groups will be provided in the context of the state's vision to provide universal access for all customers.
- Determine if training services are appropriate for the participant based on the guidance below:
 - Was the participant unable to obtain other grant assistance for such services, including Federal Pell Grants; or
 - Does the participant require assistance beyond that made available under other grant assistance programs, including Pell Grants.
- To determine if financial assistance is needed the service provider must assist the participant in applying for financial aid and make the necessary referrals.
- Participants who obtain a Federal Pell Grant must utilize the full Pell Grant toward training costs and WIOA funds may assist with any need after the Pell has been applied;
- Service providers may utilize WIOA funding to assist a participant whose training costs must be paid in order to begin training while the application for a Federal Pell Grant is pending;
- If such individual is subsequently awarded a Federal Pell Grant, the training provider must reimburse the service provider the WIOA funds used to pay the training costs.
- Training services will be provided through providers listed on the Montana Eligible Training Provider List (ETPL) unless noted otherwise in the following list of training services. Further information regarding the ETPL may be accessed in the ETPL Policy. An ETPL printout will be included in the participant's file.
- Training services may be WIOA or non-WIOA funded.
 - Non-WIOA funded training does not require ETP.
 - In accordance with the training provider's documented payment policy or terms, service providers must verify and pay tuition and other training costs. WIOA funding may be used for expenses considered as part of the Cost of Attendance (i.e., tuition, fees, room and board; and required books, supplies and tools), if those costs cannot be met by the Pell Grant or other grant assistance. When a participant is co-enrolled in WIOA or non-WIOA programs, the case

manager must coordinate with the training provider and other program(s) to ensure the participant's training needs are met and there is no duplication of service. WIOA funding must supplement other forms of grant assistance.

Youth Providers should consider the following when making the determination to provide this service and complete the Appropriateness Tab in MIS based on the participant's responses.

1. Was the participant unable to obtain or retain employment through basic career services including Work Experience;
2. Was it determined that the participant, after an interview, evaluation, or assessment, and case management, would benefit from training services and to have the skills and qualifications to participate successfully in the selected program of training;
3. Was the training program selected directly linked to the employment opportunities in the local area involved or in another area in which individuals receiving such services are willing to relocate;
4. Was the participant unable to obtain other grant assistance for such services, including Federal Pell Grants therefore requiring assistance beyond that made available under other grant assistance programs, including Federal Pell Grants; and
5. Was the service provider's determination of providing training based on funds available to provide the service?

Note: These questions were suggested in youth guidance documents and may appear similar to questions on the MIS Appropriateness Tab however they are not the actual questions from the Appropriateness tab.

Service providers must complete an Individual Training Account (ITA) on behalf of youth ages 16-24.

The Occupational Skills Training (YOU) service must be used when placing youth in occupational skills training.

Program Element 5 - Education offered concurrently with workforce preparation and training for a specific occupation: Workforce preparation activities, basic academic skills, and hands-on occupational skills training are to be taught within the same time frame and connected to training in a specific occupation, occupational cluster, or career pathway.

This program element refers to concurrent delivery of other services and may be included with program element 2; element 3; and elements 4, or they can all occur separately and at different times. *This is the most confusing youth element of all so please let's not be using it.*

Program Element 6 – Leadership Development Opportunities: This element provides opportunities that encourage responsibility, confidence, employability, teamwork, life skills, positive work behavior, self-determination, and other positive social behaviors.

This is the service used most often for both ISY and OSY because of the many opportunities available to youth when preparing youth to successfully complete a work experience and/or secondary education.

Program Element 7 – Youth supportive services: This element provides supportive services to enable the participant to participate in WIOA activities. In addition to the allowable supportive services listed in the Supportive Service Policy participants may also receive assistance with items such as eyeglasses and protective eye gear.

Although there is no money attached to this service, it must be opened each time a supportive service payment is made to the participant. The following three services should be opened for every supportive service payment made on behalf of youth participants.

- Supportive Service Assessment
- Youth Supportive Service
- Other Supportive Services

Program Element 8 - Adult mentoring: Adult mentoring is encouraged but not required, however if adult mentoring is part of the ISS, it must last at least 12 months. Adult mentoring may take place both during the program and follow-up exit from the program. Case managers may service as mentors in areas where adult mentors are sparse.

Program Element 9 - Follow-up services: USDOL considers follow-up services as critical services provided following a youth's exit to ensure they are successful in employment and/or postsecondary education and training. Youth must be offered an opportunity to receive follow-up services that align with their ISS.

These are the follow-up services available to youth:

- supportive services;
- adult mentoring;
- financial literacy education;
- services that provide labor market and employment information about in-demand industry sectors or occupations available in the local area, such as career awareness, career counseling, and career exploration services; and
- activities that help youth prepare for and transition to postsecondary education and training.

Follow-up services must be provided for a minimum of 12 months unless the participant says that they don't want or need follow-up services and do not want to be contacted; or the participant cannot be located or contacted.

MIS is programmed to automatically enroll WIOA ISY or OSY in follow up when the WIOA ISY or OSY youth enrollment is closed. In those instances where there is no plan to provide follow-up services, close the follow-up enrollment as of the date the enrollment open and select Enrollment in Error as the outcome.

Refer to the Follow-up Services section of this manual for detailed youth follow-up contact requirements.

Program Element 10 - Comprehensive guidance and counseling: This element provides for individualized counseling, including drug and alcohol abuse counseling, mental health counseling and referral to partner programs as appropriate to eliminate any of these as a barrier to the participant's success in completing an education or obtaining and retaining employment.

If counseling resources exist within the service provider's organization, then that agency may provide counseling services directly to participants rather than refer the participant to partner programs.

When referring participants to counseling that cannot be provided through their office the service provider should coordinate with that agency to ensure the participant is receiving the appropriate continuity of service.

Supportive service funds may be used to pay for comprehensive guidance and counseling services.

Program Element 11 - Financial literacy education: The intent of this youth element is to:

1. support the ability of participants to create budgets, initiate checking, and savings accounts at banks, and make informed financial decisions; and
2. enhance the participant's financial capability by partnering financial institutions with youth employment programs. At a minimum financial education must:
 - be age appropriate and timely;
 - support participants in learning how to effectively manage spending, credit, and debt, including student loans, consumer credit and credit cards;
 - support a participant's ability to understand, evaluate, and compare financial products, services, and opportunities and to make informed financial decisions

Refer to the WIOA Youth Glossary for the complete list of allowable financial literacy education activities.

Program Element 12 - Entrepreneurial skills training: This element provides the basics of starting and operating a small business. Such training must develop the skills associated with entrepreneurship. Such skills may include, but are not limited to, the ability to:

- take initiative;
- creatively seek out and identify business opportunities;
- develop budgets and forecast resource needs;
- understand various options for acquiring capital and the trade-offs associated with each option; and
- communicate effectively and market oneself and one's ideas.

There are several different approaches to teaching entrepreneurial skills including but not limited to:

1. Entrepreneurship education that introduces the values and basics of starting and running a business. Entrepreneurship education programs often guide youth through the development of a business plan and may include simulations of business start-up and operation.
2. Enterprise development which provides supports and services that help youth develop their own businesses. Enterprise development programs go beyond entrepreneurship education by helping youth access small loans or grants that are needed to begin business operation and by providing more individualized attention to the development of viable business ideas.
3. Experiential programs that provide youth with experience in the day-to-day operation of a business. These programs may involve the development of a youth-run business that young people participating in the program work in and manage. Or they may facilitate placement in apprentice or internship positions with adult entrepreneurs in the community.

Program Element 13 - Services that provide Labor Market Information (LMI): This element includes “services that provide labor market and employment information about in-demand industry sectors or occupations available in the local area, such as career awareness, career counseling, and career exploration services.”

LMI tools can be used to help youth and young adults to make appropriate decisions about education and careers. LMI is used to:

- identify in-demand industries and occupations and employment opportunities;
- provide knowledge of job market expectations including education and skills requirements and potential earnings; and
- aid in facilitating youth awareness of the career fields that are likely to provide long-term employment and earnings in local labor markets.

Career awareness begins the process of developing knowledge of the variety of careers and occupations available, their skill requirements, working conditions and training prerequisites, and job opportunities across a wide range of industry sectors.

Career exploration is the process in which youth choose an educational path and training or a job which fits their interests, skills, and abilities.

Career counseling or guidance provides advice and support in making decisions about what career paths to take. Career counseling services may include providing information about resume preparation, interview skills, potential opportunities for job shadowing, and the long-term benefits of postsecondary education and training (e.g., increased earning power and career mobility).

This should be one of the first youth elements opened in the development of the ISS and on the MIS Employment Plan.

Program Element 14: Postsecondary preparation and transition activities: Postsecondary preparation and transition activities and services prepare ISY and OSY for advancement to postsecondary education after attaining a high school diploma or its recognized equivalent.

These services include exploring postsecondary education options including technical training schools, community colleges, 4-year colleges and universities, and registered apprenticeship.

Additional services include, but are not limited to:

- assisting youth to prepare for SAT/ACT testing;
- assisting with college admission applications;
- searching and applying for scholarships and grants;
- filling out the proper Financial Aid applications and adhering to changing guidelines; and
- connecting youth to postsecondary education programs.

Refer to the ISS section for a list of services that can be paid for using WIOA Youth funds.

[<< Back to Table of Contents](#)

ADULT AND DISLOCATED WORKER WORK EXPERIENCE (WEX)

OPERATIONAL GUIDANCE: Refer to the Adult Work Experience Policy or the Dislocated Worker Work Experience Policy. The following is intended as guidance and clarification.

WEX provides participants the opportunity to explore different work interests and try out their skills and abilities in a work setting; and allows program staff and participants to jointly determine the social aspects, work culture, and physical and communication requirements of the worksite. This determination provides valuable information on the job supports needed by the participant to achieve a successful job match.

Worksites can benefit when they participate in the WEX activity as it allows the employer to invest in developing the workforce and engage with workforce development programs.

Choosing a Worksite

Matching the participant with the right worksite/employer is essential to making a work experience successful and beneficial to all parties. Service providers should encourage worksites to interview potential participants as part of the work experience process.

Service providers should consider the following when selecting a worksite:

1. selecting a worksite based on the interests and abilities of the participant;
2. selecting a worksite that has adequate work and workspace;
3. identification of the demands of the worksite, workplace safety, and realistic expectations;
4. identifying the “value added” contributions an employer is willing to make such as integration of work and learning; provision of on-site educational services; and exposure to skill training, mentoring, exploration, career guidance, and/or possible future employment; and
5. being aware of any criminal background the participant may have that may impact placement at a worksite or the type of work being performed.

Worksite Supervisors

Attributes of a good worksite supervisor include:

1. a clear understanding and expectation of the attitudes and habits that a participant may exhibit;
2. being prepared to spend adequate, quality time with the participant and provide appropriate supervision that allows for skill development in a safe environment;
3. the ability to provide guidance, work assignments, and skill development; and
4. understanding the importance of evaluating the participant’s progress; reviewing and approving timesheets; and keeping program staff informed of any issues and/or exceptional performance.

Identifying a worksite mentor

While this is not a requirement, identifying a worksite mentor that the participant can meet with on a structured basis with questions or concerns may be very helpful to the participant. The mentor should be someone comfortable offering guidance, support, and encouragement to develop the competence and character of the participant.

Identify the Memorandum of Agreements (MOA) type

There are two types of WEX Memorandum of Agreements.

1. A Standard Work Experience is when the service provider is the employer. Generally, this type of WEX is used by non-state service providers. These forms must be used:
 - Memorandum of Agreement WIOA.21
 - Training Summary WIOA.21F
2. An Alternative Work Experience is when the WEX worksite is the employer. State service providers should only use Alternative WEX. Non-state providers have the option to utilize either Standard WEX or Alternative WEX agreements. These forms must be used:
 - Agreement Work Experience Wage Subsidy Agreement WIOA.21D
 - Training Summary WIOA.21F
 - WEX Wage Subsidy Invoice WIOA.21C (Reimbursement form)

Memorandum of Agreement (MOA)

The MOA must be completed prior to placing participants at a worksite. That includes entering the number training summaries that are attached to the MOA under Article VI Attachments on page 3 number 2 of the MOA. This section is often overlooked in the development of the MOA.

Any time worked prior to the signature and date of MOA will be considered disallowed.

The MOA can be established at any time during the program year if there is not an established MOA at the worksite where they are placing the participant. However, the MOA end date is still June 30th of that program year.

A new WIOA MOA is developed each program year and cannot be extended beyond June 30th. Service providers that have participants placed on a WEX that runs across program years will need to have the new agreement in place by July 1st, so that participants can continue at the worksite.

Duration of WEX Assignment

1. Cannot exceed 600 hours per participant.
2. Factors such as prior work experience and occupational interests should be taken into consideration.
3. Part-time work experience is encouraged, when appropriate, for participants that are attending school, or disabled, or single parents with small children.

Overtime Pay

1. Overtime pay is not an allowable expense; however, it is allowable for the worksite to pay overtime out of their own funds;
2. Overtime hours must be tracked separately by the worksite and are not entered on the WEX timesheet.

Training Summary

1. A Training Summary must be completed for each work assignment at the worksite.
All participants on the same work assignment at the same worksite can be listed on one training summary attached to the MOA.
2. Service providers and the worksite supervisor will work together to develop the Training Summary. The instructions for completing the Training Summary are on the form.
3. The Training Summary must be completed by identifying the:
 - a. participant(s) and business (worksite);
 - b. supervisor(s) that are authorized to sign timesheets and a phone number;
 - c. occupation and the O-NET Code;
 - d. wage per hour and hours of work per week;
 - e. WEX start and end dates (not estimated but actual end date);
 - f. the actual training hours is entered on the training summary;
 - The supervisor must submit a request to increase the approved hours on the training summary. The hours cannot exceed 600.
 - g. list of skills, duties, and tasks for which the participant will receive training; and
 - h. initial skills by checking 'yes' or 'no'.
4. Each participant must have a copy of the Training Summary and copies of their timesheets in their program file.

Timesheets

The timesheets must be signed and dated on or after the last day worked. Timesheets signed prior to the last day worked may be questioned. If time is reported after the supervisor approval date, those days must include the supervisor's initials and date.

Provide Instructions to participants on how to complete the timesheet, including:

1. ensuring the timesheet is complete with the participant's name, the name of the worksite, and the pay period start and end dates;
2. where and how to enter the dates and hours worked;
3. how to provide enough detail in the job duties/tasks performed daily section to clearly describe what the participant worked on each day;
 - a. neither the word ditto nor ditto marks are acceptable (or any other variation of not answering the question);
 - b. the job duties listed for the day should be more than just writing in a word such as 'cleaned' or 'answered phones'. The service provider must be able to tie the job duties back to the WEX Training Summary and the participant's skills or lack of skills and whether they're enhancing the skills they already have or are learning new skills.
4. making sure the participant understands timesheets must be signed and dated before submitting for payment.

Provide instructions to worksite supervisors on how to ensure they and the participant have completed timesheets, including:

1. ensuring the participant has completed the timesheet appropriately by checking the dates, hours worked, and job duties for accuracy and initialing any changes made to the timesheet;
2. completing the evaluation at the end of each pay period by giving the participant a rating of Exemplary, Good, Fair or Poor for their: communication skills, initiative, appearance, dependability, productivity, participation as a team player, attitude, punctuality, and conduct; and
3. certifying that the hours are correct by signing and dating the time sheet.

The service provider and the worksite supervisor have the responsibility of comparing the time sheet to the training summary to ensure that:

1. the total number of hours worked each week don't exceed the number of hours per week on the Training Summary; and
2. the job duties/tasks on the time sheet are adequate and can be tied back to the job duties/tasks on the training summary.

The worksite supervisor has the responsibility to document the name of the individual authorized to sign timesheets in their absence.

Bi-weekly visits to worksites

Bi-weekly worksite visits allows program staff the opportunity to collect timesheets, observe work skills, address concerns, provide guidance, and address employer needs. Program staff will complete the WEX Bi-Weekly Contact form (WIOA.21E) with the participant and the worksite supervisor. Preferably interviews are done separately to not stifle conversation from either the participant or the worksite supervisor. However, when appropriate, interviews may be conducted with both the participant and supervisor present.

Bi-weekly visits benefits the worksite, the participant, and program staff. Program staff can monitor the performance and progress of the participant on a regular basis to determine:

1. if there is adequate, supervised work, or the work is inappropriate and doesn't match the training summary;
2. if the participant should continue participation at this worksite, transfer to another activity at that worksite or to another worksite;
3. if the participant is ready for placement in unsubsidized employment; or
4. if another appropriate action should be taken.

More frequent contact could take place if it's believed to be necessary and of benefit to the participant and worksite supervisor. For example, if the participant displays disciplinary problems, staff and the worksite supervisor should address the participant accordingly to correct the behavior as soon as possible.

Addressing behavior concerns could include:

1. Verbal warning provided by the worksite supervisor and the service provider to the participant;
2. Written documentation on the time sheet evaluation and a meeting between all parties to discuss behavior/performance concerns; and/or
3. Termination if determined necessary after verbal and written warning has not corrected behavior.

Ongoing problems or signs of no improvement may result in termination of the work experience. Illegal activity such as theft, use of drugs or alcohol, can be reason for immediate termination. The worksite supervisor must contact the case manager immediately if the participant should be terminated.

Payment authorizations

Payment authorizations must be supported by time sheets in the participant's file.

When time sheets are not submitted in a timely manner and the individual cannot receive payment for the time sheet until the end of the next pay period, then pay periods should be combined on a single payment authorization. In those instances, document this clearly on the payment authorization and case notes.

[<< Back to Table of Contents](#)

YOUTH WORK EXPERIENCE (WEX)

OPERATIONAL GUIDANCE: Refer to the Youth Work Experience Policy. The following is intended as guidance and clarification.

WEX provides participants the opportunity to explore different work interests and try out their skills and abilities in a work setting; and allows program staff and participants to jointly determine the social aspects, work culture, and physical and communication requirements of the worksite. This determination provides valuable information on the job supports needed by the participant to achieve a successful job match.

Worksites can benefit when they participate in the WEX activity as it allows the employer to invest in developing the workforce and engage with workforce development programs.

Allowable work experience expenditures include the following:

1. Wages/stipends paid for participation in a work experience;
2. Staff time working to identify and develop a work experience opportunity, including staff time spent working with employers to identify and develop the work experience;
3. Staff time working with employers to ensure a successful work experience, including staff time spent managing the work experience;
4. Staff time spent evaluating the work experience;
5. Participant work experience orientation sessions;
6. Employer work experience orientation sessions;
7. Classroom training or the required academic education component directly related to the work experience;
8. Incentive payments directly tied to the completion of work experience; and
9. Employability skills/job readiness training to prepare participant for a work experience.

Other supportive services are a separate program element and cannot be counted toward the work experience expenditure requirement even if supportive services assist the participant in participating in the work experience.

Choosing a Worksite - Matching the participant with the right worksite/employer is essential to making a work experience successful and beneficial to all parties. Service providers should encourage worksites to interview potential participants as part of the work experience process.

Service providers should consider the following when selecting a worksite:

1. selecting a worksite based on the interests and abilities of the individual identified in the development of the ISS;
2. selecting a worksite that has adequate work and workspace;
3. identification of the demands of the worksite, workplace safety, and realistic expectations;
4. using their best professional judgement regarding placing participant in a situation that might make them feel vulnerable, unsafe, or threatened;
5. identifying the “value added” contributions an employer is willing to make such as

refinement of work maturity skills; integration of work and learning; provision of on-site educational services; and exposure to skill training, mentoring, exploration, career guidance, and/or possible future employment; and

6. being aware of any criminal background the customer may have that may impact placement at a worksite or the type of work being performed.

The work experience is an opportunity for career exploration and hands on learning so it's okay to move a participant from one worksite to another when appropriate.

Worksite Supervisors

Attributes of a good worksite supervisor include:

1. a clear understanding and expectation of the attitudes and habits that a participant may exhibit;
2. being prepared to spend adequate, quality time with the participant and provide appropriate supervision that allows for skill development in a safe environment;
3. the ability to provide guidance, work assignments, and skill development; and
4. understanding the importance of evaluating the participant's progress; reviewing and approving timesheets; and keeping program staff informed of any issues and/or exceptional performance.

Identifying a worksite mentor: While this is not a requirement of the WEX, identifying a worksite mentor that the participant can meet with on a structured basis with questions or concerns may be very helpful to the participant. The mentor should be someone comfortable offering guidance, support, and encouragement to develop the competence and character of the participant. Ideally, this relationship could develop into adult mentoring lasting one year or longer.

Identify the Memorandum of Agreement (MOA) type

There are two types of WEX Memorandum of Agreements.

1. A Standard Work Experience is when the service provider is the employer. Generally, this type of WEX is used by non-state service providers. These forms must be used:
 - Memorandum of Agreement WIOA.22
 - Training Summary WIOA.22.c
2. An Alternative Work Experience is when the WEX worksite is the employer. State service providers should only use Alternative WEX. Non-state providers have the option to utilize either Standard WEX or Alternative WEX agreements. These forms must be used:
 - Youth WEX Alternative Memorandum of Agreement WIOA.22.1
 - WEX Wage Subsidy Invoice WIOA.22.1a (Reimbursement form)
 - Training Summary WIOA.22.c

Memorandum of Agreement (MOA)

The MOA must be completed prior to placing participants at a worksite. That includes entering the number training summaries that are attached to the MOA under Article VI Attachments on page 3 number 2 of the MOA. This section is often overlooked in the development of the MOA.

Participant may participate at more than one WEX worksite at a time if there is a signed WEX MOA and a training summary in place at each worksite.

A new WIOA MOA is developed each program year and cannot be extended beyond June 30th. Service providers that have participants placed on a WEX that runs across program years will need to have the new agreement in place by July 1st so that participants can continue at the worksite.

The MOA can be established at any time during the program year if there is not an established MOA at the worksite where they are placing the participant. However, the MOA end date is still June 30th of that program year.

Duration of WEX Assignment

1. There is no set time limit for youth work experience however the duration should be determined by the type of work experience and continued evaluation of the participant's progress.
2. Factors such as prior work experience and occupational interests should be taken into consideration.
3. Part-time work experience is encouraged, when appropriate, for participants that are attending school, or disabled, or single parents with small children.

Overtime Pay

1. Overtime pay isn't an allowable expense; however, it is allowable for the worksite to pay overtime out of their own funds;
2. overtime hours would be tracked separately by the worksite and are not entered on the WEX timesheet.

Training Summary

1. A Training Summary must be completed for each work assignment at the worksite. All participants on the same work assignment at the same worksite can be listed on one training summary attached to the MOA.
2. Service providers and the worksite supervisor will work together to develop the Training Summary. The instructions for completing the Training Summary are on the form.
3. The Training Summary must be completed by identifying the:
 - a. participant(s) and business (worksite);
 - b. supervisor(s) that are authorized to sign timesheets and a phone number;

- c. occupation and the O-NET Code;
 - d. wage per hour and hours of work per week;
 - e. WEX start and end dates (not estimated but actual end date);
 - f. list of the skills, duties, and tasks for which the participant will receive training;
and
 - g. initial skills by checking yes or no.
4. Wage changes e.g., increase in pay should be documented on the Training Summary
 5. Each participant must have a copy of the Training Summary and copies of their timesheets in their program file.

Timesheets

Timesheets may be submitted for payment weekly or every two weeks. In either instance the timesheets must be signed and dated on or after the last day worked. Timesheets signed prior to the last day worked may be questioned. If time is reported after the supervisor approval date, those dates must include the supervisor's initials and date.

Provide Instructions to participants on how to complete the timesheet including:

1. ensuring the timesheet is complete with the participant's name, the name of the worksite, and the pay period start and end dates;
2. where and how to enter the dates and hours worked;
3. how to provide enough detail in the job duties/tasks performed daily section to clearly describe what the participant worked on each day;
 - a. neither the word ditto nor ditto marks or any other variation of not answering the questions are acceptable;
 - b. the job duties listed for the day should be more than just writing in a word such as "cleaned" or "answered phones". The service provider must be able to tie the job duties back to the WEX Training Summary and the participant's skills or lack of skills and whether they're enhancing the skills they already have or are learning new skills.
4. making sure the participant understands timesheets must be signed and dated before submitting for payment.

Provide instructions to worksite supervisors on how to ensure they and the participant have completed timesheets including:

1. ensuring the participant has completed the timesheet appropriately by checking the dates, hours worked and job duties for accuracy and initialing any changes made to the timesheet;
2. completing the evaluation at the end of each pay period by giving the participant a rating of Exemplary, Good, Fair or Poor for their: communication skills; initiative; appearance; dependability; productivity; participation as a team player; attitude; punctuality; and conduct; and
3. certifying that the hours are correct by signing and dating the time sheet.

The service provider and the worksite supervisor have the responsibility of comparing the time sheet to the training summary to ensure that:

1. the total number of hours worked each week don't exceed the number of hours per week on the Training Summary; and
2. the job duties/tasks on the time sheet are adequate and can be tied back to the job duties/tasks on the training summary.

The worksite supervisor has the responsibility to document the name of the individual authorized to sign timesheets in their absence.

Bi-weekly visits to worksites

Bi-weekly worksite visits allows program staff the opportunity to collect timesheets, observe work skills, address concerns, provide guidance, and address employer needs. Program staff will complete the WEX Bi-Weekly Contact Form (WIOA.22.e) with the participant and the worksite supervisor. Preferably interviews are done separately to not stifle conversation from either the participant or the worksite supervisor. However, when appropriate, interviews may be conducted with both the participant and supervisor present.

Bi-weekly visits benefits the worksite, the participant and program staff. Program staff can monitor the performance and progress of the participant on a regular basis to determine:

1. if there is adequate, supervised work, or the work is inappropriate and doesn't match the training summary;
2. if the participant should continue participation at this worksite, transfer to another activity at that worksite. or to another worksite;
3. if the participant is ready for placement in unsubsidized employment; or
4. if other appropriate action should be taken.

More frequent contact could take place if it's believed to be necessary and of benefit to the participant and worksite supervisor. For example, if the participant displays disciplinary problems, staff and the worksite supervisor should address the participant accordingly to correct the behavior as soon as possible.

Addressing behavior concerns could include:

1. Verbal warning provided by the worksite supervisor and the service provider to the participant;
2. Written documentation regarding the time sheet evaluation and a meeting between all parties to discuss behavior/performance concerns; and/or
3. Termination if determined necessary after verbal and written warning has not corrected behavior.

Ongoing problems or signs of no improvement may result in termination of the work experience. Illegal activity such as theft, use of drugs or alcohol, can be reason for immediate termination.

Payment authorizations

Payment authorizations must be supported by time sheets in the participant's file.

When time sheets are not submitted in a timely manner the individual will not receive payment for the time sheet until the end of the next pay period, then pay periods should be combined on a single payment authorization. In those instances, document this clearly on the payment authorization.

[<< Back to Table of Contents](#)

ON-THE-JOB TRAINING (OJT)

OPERATIONAL GUIDANCE: Refer to the On-The-Job Training Policy. The following is intended as guidance and clarification.

Types of OJT Training

- Upgrading skills.
- Registered Apprenticeships – OJT is a core component of every Registered Apprenticeship program. Registered Apprenticeships provide an individual with an opportunity to participate in a structured training program that extends beyond the limits of an OJT and offers an incremental increase in wages. An OJT in conjunction with an apprenticeship must be written with the knowledge and approval of the business. The service provider must consult with the appropriate apprenticeship representative regarding the coupling of training with a registered apprenticeship.

Training Plan

- Employers providing training may use O*Net or a job description as a basis for developing skills or tasks, all of which should be measurable and observable

Contract

- Service providers will complete an orientation with each employer and/or their representative to discuss contract provision and training plans.
- Contracts may be written with private or public sector businesses or contractors.
- To determine the maximum number of reimbursable weeks of training for an occupation locate the title of the occupation at <http://www.onetonline.org> and identify the 5- or 6-digit occupation code. Use the code to find the Job Zone level in the occupation summary report. The table below will provide the maximum training hours allowed based on the Job Zone.

Job Zone Level	Maximum Training
1	400 hours
2	800 hours
3	1200 hours
4	1600 hours
5	2080 hours

Contract Modification

- The employer or the service provider may initiate a contract modification.

Progress Report and Monthly Invoice

- This document should reflect the skills training provided to the participant and the progress made toward competencies and skill gains
- The service providers will review the business and payroll records to ensure all information entered on the monthly report is accurate
- Wage rate calculations:
 - In cases where the OJT is for a salaried position, an hourly rate of pay should be calculated for reimbursement purposes by taking the gross monthly salary multiplied by 12 then divided by 2080 hours ($\$2600 \times 12 = \$31,200 / 2080 = \$15$).
 - In cases where the participant may receive two different rates of pay such as regular rate and shift differential, calculate the maximum contract amount based on the best estimation of the participants schedule during the contract.

Reverse Referrals may be accepted for OJT only if the participant's assessment and IEP/ISS document such OJT as an appropriate training activity. The employer must be aware that an individual not currently in their employ may or may not be referred back for employment consideration. OJT contracts written for eligible employed workers do not constitute a reverse referral.

[<< Back to Table of Contents](#)

INDIVIDUAL TRAINING ACCOUNTS (ITA)

OPERATIONAL GUIDANCE: Refer to the ITA Policy. The following is intended as guidance and clarification.

Things to consider when determining the amount of need for training:

- Total cost of the semester or program the participant intends to take;
- Training costs such as books and supplies, or other tools/materials required to complete training;
 - This does not include computer purchases
- The dollar amount of other resources available such as other workforce programs, Pell Grant, GI Bill, and scholarships;
 - The full amount of these resources must be applied to the cost of training which includes tuition and fees before considering WIOA dollars.
- The amount of assistance through the WIOA programs will be determined after all other resources are applied first;
- Case managers should estimate high on the ITA to ensure the cost of the training is covered. Case managers cannot exceed the amount entered on the ITA;
- The ITA cannot be amended or changed;
- Case managers should document in a case note the amount of the ITA and what resources have been considered in determining this amount;
- Any assistance provided to the participant after the ITA has been completed is considered a supportive service and should be paid out of the appropriate supportive service type.

Completing the ITA (2-page form)

- Page 1:
 - Identifies the maximum amount approved for payment to the training provider on behalf of the student;
 - Paid out of the training service opened on the employment plan in MIS
 - Requires the signature of the case manager;
 - A copy of this page only is provided to the training provider to make them aware of the amount that is approved to assist the participant.
- Page 2:
 - Identifies the estimated amount that will be used for items associated with training that will be purchased from a vendor that is not the training provider;

- The total amount approved on this page may be used regardless of the vendor
- Paid out of the Training Related Materials service;
- Once payments have been made this service should be closed on the employment plan;
- Requires signature of the case manager and the participant.

[<< Back to Table of Contents](#)

ELIGIBLE TRAINING PROVIDERS

OPERATIONAL GUIDANCE: Refer to the ETPL Policy. The following is intended as guidance and clarification.

A. VENDORS

New Vendor

To set up new vendors for payment, a State of Montana supplemental W-9 needs to be filled out, signed, and dated. This document is located here: [W-9 PDF](#) Send the completed document, indicating required objectives and services, to DLIWSDW9INPUT@mt.gov.

Current Vendor

Current vendors do not require a new State of Montana Supplemental W-9 provided their information is current and up-to-date. Verify vendor information in the database, if there are any changes a new W-9 may be needed. To add new objectives and services to an existing vendor, email a request to DLIWSDW9INPUT@mt.gov

B. ELIGIBLE TRAINING PROVIDERS

New Training Provider

To establish a new potential Eligible Training Provider the following action needs to be taken:

The potential training provider should be directed to the [ETPL POLICY](#) to have general questions answered. If the training provider wishes to pursue application, the following forms must be filled out and submitted to MTETPL@MT.GOV

- Eligible Training Provider Initial Application (WIOA.34)
- Eligible Training Provider Sharing Agreement MOU (WIOA.35) - included in initial application
 - MT/IRS Standard W-9 Vendor ID W-9 PDFNOTE: the name in line 1 will be their ETPL display name unless they list a dba name in line 2 of the W-9

If the training provider has questions, you may direct them to send an email to MTETPL@MT.GOV.

If the program of study is approved, it will be displayed on our website under the [Eligible Training Provider List](#). Interested parties will be notified of the course approval.

Current Training Provider

Montana's University System (Universities and Colleges) do not need to have a data sharing agreement sent to the ETPL Program Manager. The Montana Department of Labor and Industry has an MOA already in place with the Montana University System and performance data is already being captured to satisfy performance data and ETPL PIRL reporting. Tribal Colleges are not part of the MOA with the Department and must sign individual ETPL MOU's and provide the required data as outlined in the application/MOU.

Any training provider that was on the historic ETPL must follow the New Training Provider steps.

Registered Apprenticeships

Registered apprenticeship programs are automatically qualified for placement on the ETPL but must indicate they want placement on the list. They will remain on the list if the program is registered or until the program sponsor notifies the state that it no longer wants to be included on the list.

Registered Apprenticeship programs are not subject to the same application procedures and performance information requirements as other providers, nor do they require a period of initial eligibility as they go through a detailed application and vetting procedure to become a Registered Apprenticeship program.

Registered Apprenticeship employer sponsors that are not the provider of the related technical instruction and utilize a third-party training provider; that third-party training provider must apply for the ETPL and meet all requirements before the apprenticeship may be placed on the ETPL.

Any Registered Apprenticeship program sponsor accepting application(s) for open positions are an in-demand occupation by default. Minimal information may be required from an apprenticeship to execute payment of WIOA funding.

- The standard IRS W-9 for FEIN declaration and payment information must be provided by the apprenticeship employer sponsor if they are receiving the WIOA funds.
- Pre-apprenticeship programs do not have the same automatic ETPL status and must apply using the New Training Provider application process.

[<< Back to Table of Contents](#)

SUPPORTIVE SERVICES

OPERATIONAL GUIDANCE: Refer to the Supportive Services Policy. The following is intended as guidance and clarification.

Supportive Services are not intended to meet every need of the participant, it provides temporary assistance.

Supportive Service Assessment – this service should be opened anytime a financial assessment takes place. Open and immediately close service when the financial assessment has taken place. Each time a supportive service is considered and/or approved to be paid this service should be opened then closed to document the assessment has taken place. A case note should be entered to support that the assessment has taken place and that no other resources are available if a payment is being made.

The Supportive Service Assessment must be opened and closed every time you provide a Supportive Service. This service should never be left open.

**There are no advanced payments allowable under supportive services unless specified in policy or guidance. Exceptions may include:

- auto insurance maximum three months paid;
- for the following month's rent and paying only one month at a time.

Housing – A participant in need of temporary housing may stay in a hotel when no other options are available. Hotel costs are allowable only for a limited period of time and must be reasonable and necessary.

Health Care and Medical Services - These services are of a one-time nature, such as a physical examination, prescription drugs, prescription eyeglasses, immediate dental care, and mental health care which are needed to enable an individual to participate.

Tools - Become the property of the participant.

Internet Services - There is no maximum number of internet payments that may be made on behalf of the participant while they are actively participating in distance learning or job search activities, however internet payments shall only be made on a month-to-month basis.

Subscription Services - Some services may be an appropriate expense based on the participant's training plan. Payments are only allowable for the minimum necessary duration needed to complete training. For example: Microsoft Word, Canva, etc.

Transportation – Verification and documentation that gas was utilized for the intended purpose is required. For example: assisting a participant with mileage while attending training or on a WEX. Each time you pay for the transportation you need to document they used the funding for attending. Prove it, document it happened.

Documentation could include attendance records, timesheets, verifying with the school, case note, or other examples that the case manager finds appropriate.

Fuel cards may be used to provide mileage assistance as well as paying the participant directly.

Documentation of the distance such as using map quest must be maintained in the participant's file.

Auto Repairs - Auto repairs and maintenance costs are only for immediate needs.

Business start-up costs – Business start-up costs are not allowed.

However, you may assist the participant with items to help obtain employment. A few examples of employment related supportive services are: computers, tools, work clothing for employment; current monthly bonding and liability insurance for employment must be requested, approved, and paid prior to exit; business licenses; and auxiliary aides for individuals with a disability and other such items.

No capitalization items are allowed. Items that are counted as capitalization are things such as building costs or inventory items. For example: scissors that a cosmetologist uses to cut hair is a tool, just like a hammer is used by a construction worker. The shampoo supply that the cosmetologist has is considered inventory and is not allowed.

Booth Rental for the cosmetologist is not allowed either.

No costs are allowable that are incurred prior to enrollment; therefore you may need to pro- rate. Pro-rating the costs is calculated by dividing the number of days during the billing cycle by the total amount of the bill. This rate per day is then multiplied by the number of allowable days. This figure will be the amount allowable.

Total bill = \$500

30 days in the billing cycle

Participant is enrolled on the 5th of the month; this means 4 days are not allowable.

$\$500/30=\16.67

30 days - 4 days = 26 days allowable

26 days x \$16.67 = \$433.42 is the allowable amount

[<< Back to Table of Contents](#)

FOLLOW-UP SERVICES AND ACTIVITIES

OPERATIONAL GUIDANCE: Refer to Program Policies for detailed policy. The following is intended as guidance and clarification.

A. Adult, Dislocated Worker and SDH Follow-up Services

Appropriate follow-up Services, that may include counseling regarding the workplace, must be made available to Adult and Dislocated Worker participants who exit to *self-employment, agricultural, railroad or federal government employment* for a minimum of 12 months.

Case managers should contact the participant at least once a quarter to check in with participants who have obtained unsubsidized employment to see if they need assistance in job retention, obtain wage information and career progress.

Appropriate follow-up services may vary among different participants, for example participants with multiple employment barriers and limited work histories may need significant follow-up services to ensure long-term success in the labor market. Others may identify an area of weakness in training that may affect their ability to progress further in their occupation or to retain employment.

Follow-up services could include:

1. Additional career planning and counseling
2. Contact with the participant's employer, including assistance with work related problems that may arise;
3. Peer support groups;
4. Information about additional educational opportunities; and
5. Referral to supportive services available in the community

Note: Financial assistance payments are not an allowable follow-up service for Adults and Dislocated Workers. However, it is allowable under the SDH.

B. Youth Follow-up Services

All WIOA Youth participants, except for those closed to an exclusion, by request, or due to non-participation must receive some form of follow-up services for a minimum duration of 12 months. Follow-up services may be provided beyond 12 months if it's beneficial to the youth to continue to receive follow-up services. Follow-up services are critical services that are provided following a youth's exit from the program to help ensure the youth is successful in employment and/or post-secondary education and training. Case manager should make contact at least quarterly with the youth to ascertain their status and to determine if they need additional service or support. This must be documented in case notes. The types of services provided, and the intensity of follow-up services may differ for each participant however follow-up services

must include more than only a contact attempted or made for securing documentation to report a performance outcome.

Follow-up services may include:

1. The leadership development and supportive service activities;
2. Regular contact with youth participant's employer, including assistance in addressing work-related problems that arise;
3. Assistance in securing better paying jobs, career pathway development and further education or training;
4. Supportive Services;
5. Adult mentoring; and/or
6. Providing services as necessary to ensure the success of youth participants in employment and/or post-secondary education.

Although WIOA regulations mandate the provision of follow-up services to all youth there will be times when it might not be possible to provide follow-up services or to provide these services for a minimum of twelve (12) months. Some youth may have relocated to another state, or cannot be located or contacted after several attempts, or have clearly communicated that they are not interested in receiving further services or additional assistance. While there is no doubt of the value of providing follow-up services that service provision may not be possible in every instance and cannot be "forced." In these instances, it is critical to exercise due diligence with respect to the mandatory provisions of follow-up services for a minimum duration of 12 months after exit. Case managers must document thoroughly in MIS case notes the justification for not providing follow-up services.

Youth that might not receive follow-up services include:

1. Youth that have not been in contact with the case manager for a period of at least 90 days (3 quarters). NOTE: Case managers should document at least six attempts to contact the youth in that time period;
2. Youth that have moved from the area;
3. Youth that refuse to participate;
4. Youth that have requested closure from the program and no further contact;
5. Youth that are institutionalized;
6. Youth receiving medical treatment or providing care for a family member with a health/medical condition that precludes continued participation in the program;
7. Youth who have relocated to a mandated program
i.e., youth in foster care and have moved from the area because of such program.
Note: This does not include relocation to Job Corps

Youth that are in follow-up but cannot be contacted. Keep the follow-up service open on the youth's MIS Employment Plan. Attempt to contact the youth at least once a quarter and document this in a case note. Close the follow-up service at the end of the minimum requirement period of 12 months.

Timelines for Quarterly Follow-up

The first quarter follow-up should be done during the calendar quarter after the participant's enrollment has been closed.

Calendar quarters:

January – March

April – June

July – September

October – December

Example:

If a participant's enrollment closed September 30, 2019, follow-up would be done according to the following calendar quarters:

1st Quarter: October – December 2019

2nd Quarter: January – March 2020

3rd Quarter: April – June 2020

4th Quarter: July – September 2020

Follow-up must occur during the quarter being recorded. Service providers should use the Follow-up tab to record status in the Follow-up Contact section. A comment should be entered for each Follow-up contact. The comment should provide information regarding where the information was obtained, employer name, address, phone number, the occupation that the participant has entered, or any other pertinent information.

Employment Plan -

Enrollment | Appropriateness | **Employment Plan** | Progress | Funding | Closures | Case Notes | Survey

Progress | **Followup**

Start	Exit Dt	Enrollment	Exit reason	Outcome
01/24/10	10/22/10	VMA Adult - Local		Obtained Employment

Followup Date	Contact Employment Status	Wage	Follow-up Type
10/29/10	Unsubsidized Employment	\$12.98	1st quarter after exit
03/31/11	Unsubsidized Employment	\$13.71	2nd quarter after exit
05/03/11	Unsubsidized Employment	\$13.71	3rd quarter after exit

Source of Suppl Data: Case Mgt, Survey, Employer | Staff: [Redacted]

Comment: CM spoke with Larissa on the phone at work. She is doing [Redacted]

Credential: [Redacted] | Date Attained: [Redacted] | Type: [Redacted]

Training Service: [Redacted]

Education Levels: Pre, Post (Math, Reading, Youth)

Youth Goals: Start, End, Service, Outcome

Save | Cancel

In the absence of Unemployment Insurance wage data, follow-up results can be used to enhance performance for three performance measures. Results count positively toward the measures if participants are found to be in unsubsidized employment in the quarters after exit. Supplemental follow-up results can be used for the following performance measures.

Supplemental Data Requirements

Supplemental Data refers to information collected in lieu of Unemployment Insurance (UI) wage records in order to demonstrate an employment-related outcome.

State UI wage records are the preferred data source for any performance measure pertaining to employment, including ETA's Adult Common Measures. These records are owned by individual State Workforce Agencies and are governed by confidentiality and privacy statutes; most entities, including community colleges and private organizations, do not have access to wage records, which contain personally identifiable information including Social Security Numbers (SSNs). This is the reason that ETA has assumed the burden of tracking Common Measures for grantees that provide the four (4) data elements as detailed in the High Growth and Community-Based Job Training Grants: General Quarterly Reporting Forms and Instructions.

There are several allowable sources of Supplemental Data. In the absence of UI wage records, there are several sources of supplemental data that can be used to demonstrate employment-related outcomes. These include copies of pay stubs covering the period called for by the performance measure, employer documentation (including written and signed statement or telephone conversation) indicating the individual was employed sometime during the period called for by the performance measure, documentation from the former participant, case management notes and proprietary websites that offer employer fee-based information.

1. *Information from Employers:* In general, this pertains to a written and signed statement or documented telephone conversation with an employer indicating the individual was employed at some time during the period called for by the performance measure. At a minimum, providers should obtain a signed release from participants prior to exit allowing such contact. The employer verification, whether written and signed statement, letter on official letterhead or telephone conversation, should contain the employer's name, dates of employment for the individual in question and earnings for the period, in addition to the name, title, address, and telephone number of the employer representative providing the information.
2. *Information from Former Participant:* In general, this pertains to a written attestation form or documented telephone contact with the former participant that they were employed during the period called for by the performance measure. At a minimum, this should include updated contact information for the former participant, dates of employment and total earnings for the period, the employer's name, address, and telephone number and, in the case of a written attestation, the signature and date signed by the former participant. (If a documented telephone conversation is utilized, then the information should include the name/signature and date signed by the providers staff member.)

All Supplemental Data sources must be documented and are subject to audit.

[<< Back to Table of Contents](#)

YOUTH INCENTIVES AND STIPENDS

OPERATIONAL GUIDANCE: Refer to the Youth Program Policy. The following is intended as guidance and clarification.

Incentives and stipends are two separate forms of payment that can be made to youth for participation in an approved activity as described in the Incentives and Stipend section of the Youth Program Policy.

Case managers must ensure that the participant is aware of the potential for receiving stipend and incentive payments up front during the initial development of the ISS and not as an afterthought.

INCENTIVES

An incentive is a type of compensation for youth participants permitted for recognition and achievement directly tied to training activities and work experience.

Incentives can be provided to youth during participation and follow-up if the provision of incentives is identified on the youth's Individual Service Strategy. Incentives are offered to induce the youth to work toward achievement of a specific goal or goals.

Youth Program Policy allows for the provision of cash or non-cash incentives to youth for successful participation and achievement of expected outcomes, as defined in the ISS, upon completion of an established benchmark or final program completion. Incentives can be used as encouragement for the youth to continue participating in program activities including training, education, or work readiness activities such as work experience.

The incentive is only effective when the participants are made aware of the existence of an incentive and understands the terms and standards of its award to improve the likelihood of success and lead to a successful outcome and achievement of performance measures.

DOCUMENTATION:

Cash Incentives: Refer to the Youth Program Policy for the documentation that must be provided in order to receive an incentive in the form of cash or a gift certificate.

Non-cash Incentives: Participants must provide appropriate documentation that verifies that the participant is attending school, receiving passing grades and plans to graduate to be eligible to receive non-cash incentives.

STIPENDS:

A stipend is described as payment for “seat time” as defined in the ISS and is an allowable monetary payment that may only be paid to the participant for participation in an approved activity as documented on the ISS.

DOCUMENTATION:

The documentation used to verify activities for which the participants are eligible to receive stipends may include, but is not limited to:

1. Time and attendance records used when participants are participating in “seat time” activities and is not considered part of the work experience.
 - Document the dates, hours, time, and activity on the attendance sheet; and
 - The attendance sheet must be signed and dated by the participant and the instructor prior to making the stipend payment to the participant

A copy of the attendance sheet must be maintained in the participant’s file.

Incentives and Stipends are NOT Supportive Services therefore the Supportive Service Assessment is not required, nor does supportive services for youth other supportive services. Neither incentives nor stipends are not tracked on the Direct to Participant tracking sheet.

[<< Back to Table of Contents](#)

PERFORMANCE MEASURES

OPERATIONAL GUIDANCE: Refer to the Performance Measures policy for detailed policy. The following is intended as guidance and clarification.

A. Adult, Youth and Dislocated Worker Performance Measures

To document that the participant has earned a Measurable Skill Gain, collect the following:

1. Achieving at least one education functioning level:
 - Compare the participant's pre-test with the participant's post-test. Keep copies of all tests.

States may report EFL gains for people who exit a program below the postsecondary level and enroll in postsecondary education and training during the program year. A program below the postsecondary level applies to participants enrolled in a basic education program. (They exit and do not have a HS diploma or its equivalent and enroll in Postsecondary during the program year) Keep documentation showing they have enrolled in Postsecondary education including basic education programs.

2. Attainment of secondary school diploma or equivalent:
 - Obtain copy of the High School diploma or equivalent.
3. Secondary or Postsecondary transcript/report card:
 - Secondary – keep a copy of the transcript or report card for one semester showing the participant is passing.
 - Postsecondary – keep copies of the appropriate transcript or report card.
4. Established milestones such as successful completion of OJT or one year of an apprenticeship program.

Must document substantive skill development that the participant has achieved

 - Can use satisfactory or better progress report from an employer or training provider.
 - Progress reports may include training reports on milestones completed as the individual masters the required job skills, or steps to complete an OJT or apprenticeship program.
 - Increases in pay resulting from newly acquired skills or increased performance – documentation from the employer.
5. Successful passage of an exam that is required for a particular occupation or progress in attaining technical or occupational skill as evidenced by trade-related benchmarks, such as knowledge-based exams.
 - Obtain copy of the exam that was passed.

B. Participants that are excluded from the Measurable Skills Gains measure:

- Institutionalized
- Health/Medical
- Deceased
- Reserve forces called to active duty

- Foster Care. The participant is in foster care and exits the program because they have moved from local workforce area as the result of a mandatory relocation.
- Criminal Offender. The participant remains incarcerated after exit from the program.

[<< Back to Table of Contents](#)

CREDENTIALS

OPERATIONAL GUIDANCE: Refer to the Credentials Policy. The following is intended as guidance and clarification.

What counts as a Credential for WIOA reporting purposes?

The following is a list of questions to consider when reviewing a program of instruction for certificate eligibility. The resources cited for each question are examples of the types of requirements or program policies to look for when attempting to answer the questions. The resources identified are not comprehensive; you may find other resources locally that also support your decision to define a program of instruction as "certificate-eligible". College course catalogues and degree/certificate requirements typically answer many of these questions to the extent necessary to make your determination. Employers who will hire certificate holders can also answer questions when a training catalogue does not provide the necessary information.

Question 1: Is the program more than one course of instruction? If it is one course only, what are the expectations of the participant after successfully completing the course?

What to look for:

- Program descriptions in college or training provider catalogues.
- Occupational licensing and certification requirements by the certifying agency.

Question 2: Does the training program have structure? Is there a standardized mechanism of delivery?

What to look for:

- Lesson plan(s)
- Curriculum
- Class syllabus
- Prerequisites - i.e., the program is completed through a series of training activities that build upon each other to expand the student's breadth and depth of knowledge and skills.
- Evidence based on lesson plans, curricula, etc. that instructors typically teach the course in the same sequence, according to the same schedule, each time the course is offered.

Question 3: Does the program fulfill a specific set of occupational requirements with clear and measurable goals and objectives? Can the certificate holder function effectively on the first day of employment with minimal supervision?

What to look for:

- Job qualifications or pre-requisites (e.g., licensure, certification, or any other evidence the prospective employee must provide as evidence of competency in order to be hired).
- Once all training and testing is completed, what does the student obtain for his/her effort? (e.g., license to practice or credentials of competency).
- The individual can perform the work required by the occupation without additional training immediately after hiring. For example, an emergency medical technician (EMT) can perform Cardiopulmonary Resuscitation (CPR) on a patient at the time of hiring by an ambulance service.

Question 4: Is the certificate and knowledge/skills transferable from one employer to another within the industry that recognizes the certificate?

What to look for:

- Employer hiring standards within the industry.
- Evidence of reciprocity across state or regional borders (i.e., no further training is required to secure the same job in another location, or minimal training requirements to account for regulatory differences associated with State licensing and certification laws/regulations.) For example, an EMT certified by the National Registry of EMTs in the State of Wyoming would be immediately eligible for EMT licensure and hiring in the State of Montana.

Question 5: Who issues the certificate or license?

What to look for:

- Licensing or certification requirements identified by the training program provider.
- State, county, tribal or municipal licensing or certification regulations or requirements.
- Professional or industry endorsements and standards.
- Apprenticeship programs.

Question 6: Can the participant secure a job in the occupation without obtaining the certificate or license?

What to look for:

- Eligibility requirements for certificates, licenses, or credentials.
- Continuing education requirements to renew certificates, licenses, or credentials.
- Certificate, license, or credential expiration dates.
- Length of time a certificate, license or credential is valid.
- Recertification requirements after a certificate, license or credential has expired.
- Employer requirements for maintaining current certification, licensure, or credentials.
- Employer prerequisites to employment that state a preference for applicants with the certificate/license/credential.

Question 7: How is successful program completion determined?

What to look for:

- A passing score on a written test is required to qualify for a license, certificate, or credential.
- A passing score on a practical skills test (if applicable) is required to qualify for a license, certificate, or credential.
- The training program and courses have clearly stated pass-fail criteria that apply to all students.
- All students are tested according to the same sets of standards and criteria determined by the occupation to be minimally acceptable.
- Reasonable testing accommodations for individuals with disabilities measure the same standards and competencies as any other student who has participated in the program

Question 8: What participants are excluded from the Credentials performance measure?

- Institutionalized
- Health/Medical
- Deceased
- Reserve forces called to active duty
- Foster Care. The participant is in foster care and exits the program because they have moved from local workforce area as the result of a mandatory relocation.
- Criminal Offender. The participant remains incarcerated after exit from the program.

[<< Back to Table of Contents](#)

MEASURABLE SKILLS GAINS

OPERATIONAL GUIDANCE: Refer to the Measurable Skills Gains Policy. The following is intended as guidance and clarification.

This section shows the types of MSGs that can be recorded in MWorks and the acceptable documentation to use when recording them.

Types of MSGs

The screenshot displays the MWorks software interface, specifically the 'Progress Notes' tab. A dropdown menu is open, showing a list of acceptable documentation types for Measurable Skills Gains (MSGs). The list includes: 'Achievement of Secondary School Diploma or its recognized equivalent', 'Educational Functioning Level (EFL)', 'Secondary or Postsecondary Report Card or Transcript', 'Skills Progression Through Successful Passage of an Exam', and 'Training Milestone Employer/Training Provider Satisfactory Progress/Better'. The interface also shows fields for 'CLI_ID', 'Date', and 'Name', along with 'Add', 'Delete', 'Save', and 'Close' buttons.

Acceptable documentation and definitions.

- Data match is referring to “cross-data match”:
Cross-Match: A cross-match requires validators to find detailed supporting evidence for the data element in a database. An indicator or presence of a Social Security Number (SSN) in an administrative non-WIOA database, i.e., a database not maintained by a WIOA core program such as data from the State’s Department of Motor Vehicles, is not sufficient evidence for a cross-match. State validators must also confirm supporting information such as dates of participation and services rendered. States must have data sharing agreements in place as appropriate.
- Survey Documentation is referring to follow up surveys (currently only sent out to Youth in follow up). Survey Documentation falls under the category of “Self-Attestation”:

Self-Attestation: Self-attestation (also referred to as a participant statement) occurs when a participant states his or her status for a particular data element, such as pregnant or parenting youth, and then signs and dates a form acknowledging this status. The key elements for self-attestation are: (a) the participant identifying his or her status for permitted elements, and (b) signing and dating a form attesting to this self-identification. The form and signature can be on paper or in the State management information system, with an electronic signature.

- Case Notes refer to either paper or electronic statements by the case manager that identify, at a minimum, the following:
 - (a) a participant's status for a specific data element
 - (b) the date on which the information was obtained, and
 - (c) the case manager who obtained the information.

Participants that are excluded from the Measurable Skills Gains measure:

- Institutionalized
- Health/Medical
- Deceased
- Reserve forces called to active duty
- Foster Care. The participant is in foster care and exits the program because they have moved from local workforce area as the result of a mandatory relocation.
- Criminal Offender. The participant remains incarcerated after exit from the program.

[<< Back to Table of Contents](#)

QUALITY CONTROL

OPERATIONAL GUIDANCE: The following is intended as guidance and clarification.

Technical Assistance and Continuous Improvement

There are several options to improve quality of program requirements. These options include but are not limited to the following:

- A peer review to improve quality for all areas of WIOA requirements. This provides the ability to correct data and can serve as a learning tool for providers.
- Mini-Technical Assistance and Training (TAT) sessions are available to any service provider who wants or needs technical assistance.
- Taking part in the Program Manager technical assistance webinars.
- New Case Manager training is provided periodically by WIOA staff to acquaint case managers with program, fiscal and data requirements related to the above functions.
- Requests for technical assistance can be made to program managers or fiscal staff.
- Data Entry Requirements
 - Valid Enrollment Timeline: Enrollment must occur in MWorks within 45 working days from the date the application was completed and signed by both the Applicant and the Interviewer.
If the application is not signed within the 45 days, the application must be reviewed and updated as appropriate to reflect any changes that may have occurred within those 45 days.
 - Timely entry of information into the MIS system is imperative for accurate federal reporting. All data must be entered into the MIS system within seven (7) working days from the date the vendor is paid, the date that a service is provided, or the date that an MSG or credential information is received. This also includes training start and end dates as documented on the training tab in the MIS system.

Information entered into the MIS system from the WIOA application should match. Some data elements can be changed by the participant from their MontanaWorks portal. These elements include:

- Demographic information such as race, offender status and ethnicity.

[<< Back to Table of Contents](#)

COST PRINCIPLES, ALLOWABLE COSTS AND UNALLOWABLE COSTS

OPERATIONAL GUIDANCE: Refer to the Cost Principles, Allowable Costs and Unallowable Costs policy. The following is intended as guidance and clarification.

All costs must comply to Uniform Guidance 2 CFR Part 200 and 2 CFR Part 2900; DOL Exceptions to 2 CFR Part 200.

Applicable OMB cost principles, ETA grant regulations, and the terms of the subgrant agreements must be followed in determining the reasonableness, allowability, and allocability of costs. Only allowable costs may be charged to the grant, and no grant may pay for more than its fair share of the costs (allocability). The service provider must determine what costs incurred by the organization are allowable.

Costs can be either direct or indirect; however, they must be treated consistently. The service provider should have either a written Cost Allocation Plan or an approved Indirect Cost Rate.

Accounting records must be supported by source documentation such as invoices, purchase orders, paid bills, time and attendance records, contract documents, agendas for travel, etc. Source documentation is the proof that costs charged to WIOA are, in fact, allowable and allocable to the grant. This source documentation must be attached and available for review.

Disallowed costs must be repaid with non-Federal funds. However, if the organization reported stand-in costs during the program year of the disallowed cost, they may be able to substitute stand-in costs for the disallowed cost.

Stand-in costs are non-Federal costs that may be substituted for disallowed grant costs. To be considered and accepted as stand-in costs they must come from the same year as the costs that they are proposed to replace; must be allowable costs that were actually incurred for the benefit of the WIOA funded program and paid by a non-ETA fund source; and must be recorded and documented in the organizations account system.

[<< Back to Table of Contents](#)

CASH MANAGEMENT

OPERATIONAL GUIDANCE: Refer to the Cash Management Policy. The following is intended for guidance and clarification.

A. Cash Requisitions

The form templates can be found on the WIOA website at <http://wsd.dli.mt.gov/wioa/wioa-forms>

There is a separate form for each of the following programs WIOA Adult, WIOA Youth and State Displaced Homemaker.

Complete the form by using your Agency's Financial Reports. The financial report back-up documentation must be kept with copies of the submitted cash request forms and be available for review during monitoring.

The cash request may be a reimbursement amount or an estimated amount. Reimbursement is the preferred method of payment. If you are requesting additional funds for your immediate cash needs, the time between receipt and disbursement of funds should be minimal. In both cases, if the agency has earned program income those funds should be used immediately before requesting funds from the State.

The cash request forms must be signed or emailed by an authorized signature.

B. Authorized Signature Forms

The WIOA Fiscal Officer will send out the authorized signature form to the Service Providers yearly for the current year contract. If your Agency's staff has changed during the contract period – please notify the State and complete a new form with the new updated signatures.

[<< Back to Table of Contents](#)

RECORD RETENTION

OPERATIONAL GUIDANCE: Refer to the Record Retention policy under Division Management Services. The following is intended as guidance and clarification.

The Reporting Manager will contact the service provider directly when participant paper records may be destroyed.

[<< Back to Table of Contents](#)

LOST OR STOLEN/FORGED CHECKS

OPERATIONAL GUIDANCE: Refer to the Stolen-Forged Check Policy. The following is intended as guidance and clarification.

- A. For State Service Providers:
Follow the steps outlined in the Lost, Stolen or Forged Check Policy.
- B. For Non-State Service Providers:
Non-state service providers must have a policy in place that addresses lost, stolen or forged checks. If the service provider has a situation where they have a stolen or forged check that is funded with WIOA, the agency must contact Workforce Services Division immediately.

[<< Back to Table of Contents](#)

DATA ENTRY

MIS is the data entry system used to maintain and track all services provided through WIOA-funded programs. Application:

A. APPLICATION

1. All applicants must complete the WIOA Application Form (WIOA.08).
2. Service providers must input the information provided by the applicant on the WIOA Application Form into the MIS data fields.
3. The application requires evidence of all necessary eligibility documentation related to citizenship, age, income (for youth), and selective service registration, if applicable.
4. All documentation related to eligibility must be collected and reviewed within 45 working days of the application date.
 - a. After 45 days, an application without an eligibility determination is considered expired. If the participant wishes to continue the process, they must complete and sign a new application.
5. Upon determination of eligibility, service providers may enroll the participant into the WIOA program or place them in an applicant pool that is good for 45 days from the application date. Participants are served in the order in which they were placed in the pool.
6. Youth, Adult, and Dislocated Worker Program enrollment is based on appropriate eligibility, participant needs, and program-specific considerations.
7. Adult and Dislocated Worker Program enrollment occurs when participant can benefit from a service(s) beyond self-service and informational activities. Participation: WIOA registration or formal enrollment indicates eligibility is verified and for adults, priority of service, is verified as well. Priority of service is distinguished from priority for covered persons in the following way:
 - a. Priority for individualized career and training services, in instances of limited funding, applies to adults only, while priority of covered persons applies to all populations.

B. Data Entry Requirements

1. The application information must be entered in MIS within seven (7) working days of the date the application was signed; and
2. Eligibility determination must be recorded in MIS within seven (7) working days
3. Valid Enrollment Timeline: Enrollment must occur in MWorks within 45 working days from the date the application was completed and signed by both the Applicant and the Interviewer. NOTE: If the application is not signed within the 45 days, the application must be reviewed and updated as appropriate to reflect any changes that may have occurred within those 45 days.
4. Timely Data Entry:

Timely entry of information into the MIS system is imperative for accurate federal reporting. All data must be entered into the MIS system within seven (7) working days from the date:

 - a. the vendor is paid; or
 - b. the date that a service is provided; or
 - c. the date that an MSG or credential information is received. This also includes entering training start and end dates on the training tab in the MIS system.

[<< Back to Table of Contents](#)

MIS ACTIVATION AND INACTIVATION

Requesting MIS Access:

Non-state service providers operating a contracted program should contact their individual program manager (Adult, Youth and SDH) to request MIS Mworks access for their employees. Service provider management should provide the following information:

- Employee's full name, phone number, email.
 - This information will be used in multiple ways, including but not limited to:
 - Zoom or Team meeting invitation for technical assistance calls;
 - WIOA Directory and contact listing.
 - MIS MWorks access.

MWorks Access

Upon receipt of the employee information the program manager will start the process of requesting Mworks access. All non-state employees are required to sign the MIS Confidentiality Agreement and send the signed agreement to their program manager who will then submit a computer access request to DLI's Technical Services Division (TSD) to set up an Mworks account on behalf of the new employee. Non-state providers having access to Mworks are considered as contingent workers.

Accessing MIS

TSD notifies the program manager that an account has been created and provides instructions for the contingent worker to call the TSD helpdesk to get their password. TSD helpdesk staff will then assist the contingent worker in getting an account created for Citrix which is the access port that is required to log into the MWorks database.

MIS MWorks Passwords:

MIS system only allows one password change in a 24-hour period. The contingent will need to create a password within these parameters:

- Must be a minimum of 12 characters long
- Must contain 1 capitalized letter
- Must contain 1 number or special character

The MIS MWorks system requires monthly login to keep the account active and to prevent the password from expiring prior to the required 90-day countdown change. When the password expires, or the account is locked contact the department's Technical Divisions Help Desk at 406.444.2000. Non-state providers will need to indicate they are a WIOA Contracted Contingent Worker, and that they need password assistance. Your program manager cannot assist you with password resets.

Terminating MIS Access:

When a non-state case manager is no longer working the WIOA/SDH program the service provider is required to notify their program manager to remove the case managers Citrix Access and end the

case managers MIS access.

Service providers will need to immediately move all participants from the former case managers assignment to another member of their agency in order to end MIS access of the former employee. Participants may be moved by navigating to the seeker screen. From this main screen click the Options drop down menu and select the Account Info and then Staff Info. This screen assigns new case managers to the participant. Assigning a new primary case manager will end the former case managers assignment to the participant.

The service provider will be notified when all steps for termination of access has been completed.

The following steps will guide you through inactivating case management of a participant. The first way is detailed below.

In order to inactivate a participant all services, enrollments, and the employment plan and follow-up enrollments and services must be closed. When this is done MWorks will display a pop-up window (image below).

The second way to inactivate case management of a participant is through the Options drop down menu.

To inactivate a participant and/or case mgmt. – must inactivate case management status first

1st step Select:

Activate/Inactivate Case Mgmt.

Press Okay

2nd step inactivate the participant

Options

Activate/Inactivate Seeker

Press Okay

Select the Options

File Edit Navigation Options Utility Reports Window Help

Choose assign/reassign

The screenshot displays the 'Employment Staff' section of a software interface. A modal dialog titled 'Add Staff' is open in the center, asking 'Do you want to add a Primary or Secondary Staff?'. The dialog has three buttons: 'Primary', 'Secondary', and 'Cancel'. In the background, the 'Employment Staff' table is visible with columns: Staff, Office, Team, Title, Phone, Primary, Active, Inactive, and Program. The 'Primary' column has a dropdown menu open, showing 'Primary' and 'Secondary' options. The 'Inactivate' button is also visible on the right side of the interface.

Choose primary

The screenshot shows a software window titled "Counselors". At the top is a search bar labeled "Find" containing the text "joy%". Below the search bar is a list box with the title "Counselor Name". The list box contains one entry: "Agent, Web Service - Active". A large, solid green rectangle is positioned over the lower portion of the list box, obscuring some details. At the bottom of the window are three buttons: "Find", "OK", and "Cancel".

Type in name of primary counselor –

Only need to type the first couple letters of the last name and press find
when you find the name of counselor for this participant Press OK

[<< Back to Table of Contents](#)

RECORDING ACTIVITIES

OPERATIONAL GUIDANCE: The following is intended as guidance and clarification.

A. Recording Training Activities

When a participant is in training, there are four areas in MIS that need to be completed or looked at when recording training.

1. Appropriateness Tab

- This needs to be completed 1st for any postsecondary training or any programs that lead to an industry recognized credential using one of these services such as: Occupational Skills Training, Skills Upgrade and Retraining, etc.
- This tab does not need to be completed for secondary school or Adult Education for basic skills remediation/HiSET classes.

2. Open the Appropriate Training Service

3. Complete Training Tab

4. Document Training Start/End dates

Appropriateness Tab

There are six questions that need to be answered on the Training Tab with a comment entered for each question in the text box. The answer to the questions that require a Yes or No should always be Yes and the response should clearly state the justification for providing the training.

The screenshot shows the 'Appropriateness' tab in a software interface. The top navigation bar includes tabs for Enrollment, Appropriateness (selected), Employment Plan, Progress, Funding, Closures, Case Notes, and Survey. The main content area contains six questions, each with a 'Yes' dropdown menu and a text box for justification. The questions and their justifications are:

- Question: Is the customer unable to achieve self-sufficiency/suitable employment in intensive services based on program requirements?
Answer: Yes
Justification: Misty has been through a total of 5 layoffs in the timber/wood products industry over the last 16 years for multiple employers. Although the wage is generally a living wage, we have seen a downturn locally in that industry. She is looking for full-time permanent sustainable employment to support herself and her family.
- Question: Will the customer benefit from the selected training based on the skills provided by the proposed training program and the customer's current skill level?
Answer: Yes
Justification: Misty has researched the radiology technology field and had positive conversations with local employers on hireability.
- Question: Based on LMI sources for the customer's employment goal, is there a reasonable expectation of employment upon completion of the selected training?
Answer: Yes
Justification: There is reasonable expectation of employment upon completion. There are current job postings for this position. LMI is +9% nationally and +13% in MT. This is labelled a "bright outlook" career on onetonline. Health care is one of Flathead Valley's largest employment fields.
- Question: Is the selected training reasonably accessible to the customer from a governmental or private institution or facility?
Answer: Yes
Justification: Yes, classes are at FVCC in Kalispell, so reasonably accessible.

At the bottom of the form, there is a 'Completed Date' field with the value 08/24/16, a 'Training Services must be added to plan by' field with the value 11/22/16, and a 'Record' field showing 1 of 1. There are also buttons for '+ Add', 'Save', and 'Cancel'.

Record the Training Service

Case manager will need to record a Training Service for any training the participant is attending, regardless of who is paying for the training.

If the participant is attending training at enrollment, the training service start date should reflect the enrollment date.

If the participant starts training sometime after enrollment, the training service start date should not be longer than 1 month prior to the training start date. Instances where you must pay tuition prior to the start of training, you will need to enter the training service before you can make the payment.

Training Tab

1. To get credit for the measurable skill gains and credential performance indicators, there must be a “Training Start Date” recorded for the participant. The “Training Start Date” is picked up in reporting from the Training Tab and not the training service start date.
2. Here’s how to complete the Training Tab:

The screenshot displays the 'Training' tab within a software application. The top navigation bar includes 'Enrollment', 'Appropriateness', 'Employment Plan', 'Progress' (selected), 'Funding', 'Closures', 'Case Notes', and 'Survey'. Below this, the 'Training' sub-tab is active, showing 'Progress Notes', 'Authorizations', and 'Followup'. On the left, a 'Program' list is visible with an 'Add' button. The main form area contains fields for 'Name', 'Service', 'Actual Start Date', 'Projected Completion', and 'Actual Completion'. A checkbox for 'Withdrew from training' is present, along with an 'ONet' field. At the bottom left, there is a 'Show Completed' checkbox. At the bottom right, there are buttons for '+ Skill Gain', 'Save', and 'Cancel'.

- The only schools that appear when you double click in the Name field on this screen are schools that are on the ETPL. Training providers such as Adult Education offering basic skill upgrade or the HiSET or a High School do not need to be on the ETPL.
- When the Training Provider is not on the ETPL, choose Non-Approved Montana – PO BOX 1728, Helena MT 59624 as the Training Provider.
- In the Service field, double click and you will get a list of services that have been recorded on the Employment Plan (not all services will show up). Choose the appropriate training service. NOTE: If a training service is not open on the Employment Plan, you will need to open the service with the appropriate start dates.

- Record the Actual Start Date of the training (first day of school) and enter a Projected Completion. In this case, the participant started Adult Basic Literacy services on 1/16/18 and the HiSET is expected to be earned by May 2018.
- You will need to enter an ONET. If you double click in the ONET field, you will get the ONET codes that have been associated with the participant. Most likely, you should use the current ONET code that is recorded on the Employment Plan since that is what the participant is working toward.
- You will complete the Actual Completion field when the participant completes the training.
- If the participant does not finish training, you check the box in front of Withdrew from Training and you put in the last day the participant attended in the Actual Completion field.
- Type in the name of the program the participant is attending in the Program field.

Documenting Training Start and End Dates

Training start and end dates must be documented in your case files and MIS records. The easiest way is to put these dates in a case note. Example: Jesse started school on January 18, 2018.

Other ways to document training start and end dates are to use documentation from the training provider such as a school calendar or the bill from the training provider. Whatever you use, just make sure the dates on the training tab match the documentation.

REMINDERS

The only way a Measurable Skill Gain or credential will be counted is when the participant is in Training (has a training service open on the plan and the Training Tab is completed).

Ensure all of your participants who are in training have the appropriate training service recorded!

Example 1

1. Date = 9/1/13 (first day Fall semester). MSU student starts freshman year and has tuition, etc. funded by VRBS (Vocational Rehabilitation and Blind Services).
2. Date = 1/10/16 (first day of Spring semester). Job Service enrolls the same student in the WIOA Dislocated Worker program after a job dislocation during the worker's junior year. Despite VRBS funding tuition, some costs were not covered such as transportation. Job Service plans on helping with supportive services only.
3. Date = 1/10/17 (first day of Spring semester) VRBS runs out of funding and Job Service starts covering tuition as well as supportive services.

Now that we know what has to happen in MIS to get credit for Measurable Skill Gains, what would be the training start date for Job Service?

- Training start date should be 1/10/16 because that is when the participant was enrolled in the WIOA Dislocated Worker program.
- To document the training start date, you could use a school calendar, or a case note saying something like: XX has been attending training at MSU since fall 2013. Training start date is recorded as 1/10/16 because that is the date of enrollment into the WIOA DW program and is the first day of Spring semester.
- As the participant completes each semester of training, Job Service should obtain a copy of grades and if they are passing, enter the appropriate measurable skill gain in MIS (Postsecondary Transcript/Report Card) depending on the number of semester credit hours the participant is earning.

Example 2

Participant enrolled in WIOA program August 1, 2017.

Participant is enrolled in Training for Fall 2017 semester and WIOA pays for tuition.

Winter 2018 and Spring 2018, participant does not need help with tuition as she received a Pell grant.

Participant will need help with Summer 2018 semester.

- Training service should be opened when training starts for Fall 2017 semester. Training Tab completed, and training start date documented with case note or school document.
- Training service kept open through Winter and Spring 2018 semesters because participant is still in training. (even though WIOA is not paying tuition for Winter/Spring 2018)
- Document any Measurable Skill Gain in MIS as soon as it is earned – at the end of each semester if her grades are passing (assuming she is going full time).
- Make tuition payment for Summer 2018 semester using same training service that has been open on the plan. Training service would be ended when participant completes training or stops attending for some reason.

- Enter Training End date on Training Tab and document training end date with a case note or school document.
- Enter credential information if participant earns a credential.

Training Services:

Adult Basic/Literacy Services/Tutoring – use when *the individual (16 or older) is working toward a high school diploma or equivalency and/or is working towards proficiency at the ninth-grade level, or to improve basic skills to a greater level and provide them with knowledge of career pathways that lead them to a training institute or to get and keep employment.*

ABE/Literacy Combined with Training - use when *the individual is participating in an integrated education program that combines workforce preparation/training for specific occupational skill and services to upgrade their basic skills.* This isn't used very often. As an example, if someone is attending college and at the same time, they go to adult education classes to upgrade their basic skills (at the same institution), this would be used.

High School Equivalency/High School Diploma – use when *the individual is receiving activities that will help them complete a high school equivalency program or high school diploma.*

Combined Workforce Training & Related Instruction – use when *the individual is receiving combined workplace training with related instruction.*

Customized Training – use when *the individual is receiving training from an employer or group of employers that made a commitment to employ that individual upon successful completion of the training.*

Entrepreneurial Training – use when *the individual is receiving the basics for starting and operating a small business*

Occupational Skills Training – use when *the individual is participating in an organized program of study that provides specific vocational skills that lead to proficiency in performing actual tasks and technical functions required by certain occupational fields at entry, intermediate, or advanced levels.*

On the Job Training – use when *the individual is engaged in productive work in a job that provides knowledge or skills essential to the full and adequate performance of the job.*

Skills Upgrade & Retraining – use when *the individual is taking courses that help develop professional competencies relevant to a vocational/occupational goal.*

B. Recording Measurable Skills Gain (MSG)

To get credit for an MSG the skills gain must be entered in MIS.

The screenshot shows a software interface with a top navigation bar containing tabs: Training, Progress Notes, Authorizations, and Followup. The 'Training' tab is active. On the left, under the 'Program' section, 'Nail Technician/Specialist and Mar' is selected. Below this are several empty text input fields, 'Add' and 'Delete' buttons, and a 'Show Completed' checkbox which is checked. The main area is titled 'Seeker Skills Gain Entry' and has 'Edit' and 'History' sub-tabs. The 'Edit' sub-tab is active, showing a form with the following fields: 'Skill Type' (a dropdown menu), 'CLI_ID' (a green text box), 'Date' (a white text box), and 'Name' (a green text box). There is a 'Save' button with a floppy disk icon and a 'Close' button with a red X icon at the bottom right of the form area.

1. Open Skills Gain on the Training Tab;
2. Enter the Skills Type and save.

C. Recording Credentials

All credentials earned during participation or up to one-year post-exit must be recorded in MIS on the Follow-Up tab.

Maintaining a copy of each credential in the case file is mandatory. If using a letter from the school showing degree date, the participant's name and actual graduation date must be contained in the letter. The date entered in MIS must match the date on the documentation obtained.

1. To get credit for the credential performance indicator, the "Credential Type and date attained must be recorded for the participant in the Follow-up tab.
2. Here's how to complete the Follow-up Tab:

Enrollment		Appropriateness		Employment Plan		Progress		Funding		Closures		Case Notes																					
Training				Progress Notes				Authorizations				Followup																					
Start	Exit Dt	Enrollment		Exit reason		Outcome																											
11/30/18	12/13/19	WIOA Adult - Local				Obtained Employment

MIS WIOA HELP DESK

The WIOA Help Desk assists providers by backdating services and making corrections in MWorks as appropriate.

Specific program questions should be sent to the program manager and not to the WIOA Help Desk.

The WIOA Help Desk Can:

- Backdate services to match service date*
* Reminder - You do have the seven (7) working day data entry window. Whenever you are entering services and 7 working days have not passed, *you don't need to backdate.*
- Backdating of services needs to be reviewed by the WIOA Help Desk and Reporting manager prior to the backdate happening to ensure the PIRL reporting is not adversely affected.
- Make a case note for prior year adjustments.

The WIOA Help Desk Cannot:

- Modify payments from prior program year
- Backdate services or enrollments to prior program year
- Backdate the Supportive Service Assessment service to a prior quarter
- Enrollments may not be backdated more than one (1) quarter – *this causes issues with reporting*

Case managers should document in a case note that the WIOA Help Desk was unable to make changes in Mworks and document include the correct dates or amounts in the case note.

VENDORS

New Vendor

To set up new vendors for payment a State of Montana supplemental W-9 needs filled out, signed, and dated. This document is located here: [Form WIOA 41 MT W-9](#). Send the completed document, indicating required objectives and services, to the following address: DLIWSDW9INPUT@mt.gov.

Current Vendor

Current vendors do not require a new State of Montana Supplemental W-9 provided their information is current and up-to-date. Verify vendor information in the database, if there are any changes a new W-9 may be needed.

Requests to add vendors for payments should be sent to the W-9 group at DLIWSDW9INPUT@mt.gov and not to the WIOA Help Desk.
